## NAVY SECRETARY WILL WITNESS SEA WAR GAMES

Denby and Official Party  
On Way to Panama on  
U. S. Transport

## MANY SHIPS CONTEST Several Hundred Vessels of All Kinds Will Take Part In Maneuvers

Abroad the U. S. S. Henderson, En Route to Panama, March 6.—The navy transport Henderson, with the official fleet inspection party, headed by Secretary of the Navy Denby, aboard steamed down the lower Chesapeake Bay today, on the first lap of the trip to Panama to witness the Atlantic-Pacific maneuvers.

Scarcely had the sun arisen than there was great activity aboard the big gray vessel, which, during the war, carried safely thousands of American marines, sailors and soldiers across the submarine-menaced Atlantic.

Denby was among the first of the party to arise. He was up promanaging the decks, watching the "goes" in early morning exercises, long before the other members of the delegation of high navy officers, senators, representatives and newspaper correspondents.

Eighty four persons are in the inspection party, eight senators, 35 representatives, 12 ranking officers of the navy, headed by Rear Admiral R. E. Condit, chief of operations and director of the "war games," and 29 correspondents and movie cameramen.

This evening the vessel will turn south into the open stretches of the Atlantic for Port Au Prince, Haiti, which will be reached some time Friday.

The stay there will be only long enough to permit landing of a small detachment of marines.

The next stop will be Colon, at the Atlantic end of the Panama Canal then to Balboa, arriving March 14.

From Balboa the party will be distributed among battleships, cruisers and destroyers to witness the extensive war games and target practice, and the shelling of the radio controlled battleship Iowa. The Iowa will be fired upon by the Mississippi, one of Uncle Sam's finest fighting craft.

Final plans for the war games in Panama Bay, the most comprehensive ever attempted by the Navy Department, were discussed at an executive session of the navy's board of strategy on the Henderson today.

The combined fleet of several hundred of all sizes and descriptions, augmented by seaplanes, will be divided into two groups, one defending, the other attacking. An attempt also will be made to capture the Panama Canal, to test the fortifications just completed there. There include several new long range coast guns, never yet tried in actual defense of the canal.

## FISHERMAN'S BILL MAY RECEIVE VETO

Columbus, March 6.—Governor Donahay today announced he has vetoed the Atwood fishermen's license bill.

Columbus, March 6.—Governor Donahay has signed the "padlock" bill, giving courts authority to declare a place where liquor has been sold as a nuisance, and to order it locked up for a year.

The governor did not sign the Atwood-Spidel fishermen's license bill, providing for a fee of fifty cents a year to fish in Ohio waters. Legislative leaders are apprehensive that he will veto the measure.

## CINCINNATI'S CITY HALL IS FIRE TRAP

Cincinnati, March 6.—That the Cincinnati city hall is a fire trap, especially in view of the large quantity of confiscated liquor stored there, is the report of Fire Investigators submitted to Mayor George P. Carrel.

Since the dedication of the great stone structure 30 years ago, almost every sort of junk has been allowed to accumulate in the storage rooms. Bedding not used since the 1913 flood, long forgotten documents, enough confiscated stills to fill a brass foundry and similar things are stored in the building.

**PURCHASE ATHLETIC FIELD**  
Cincinnati, March 6.—Hughes High School here is to have an 11-acre athletic field, alumni having purchased a tract in Clifton Heights for the purpose. Provision for a number of athletic sports will be made. The name of the site will be Coy field, in honor of the late E. W. Coy, for years principal of the historic high school.

## HALF MILLION IN LIQUORS SEIZED

Philadelphia, March 6.—Half a million dollars worth of confiscated liquors are today in custody of the prohibition authorities here as the result of a series of raids directed by Frederick A. Hazeltine, newly appointed prohibition enforcement director for Eastern Pennsylvania.

The largest seizure was made at the bottling plant of Johan Friedrich, where two freight cars on a private spur track yielded 4,000 sacks, each sack containing 24 bottles of supposed Johnny Walker Scotch. All were marked "for export only."

Several thousand counterfeit stamps and labels also are said to have been seized, bearing his markings as "aged in the wood" and other phrases.

## HIS LAST WATCH GONE MAN TWICE VICTIM OF THIEVES TELLS WORLD

Columbus, March 6.—It will be a fruitless visit if watch thieves make third trip to Fred Hoffman's home. Fred has published this fact "to the world."

Thieves stole a \$15 watch and \$1.50 in cash three weeks ago. Last night Fred's home was robbed of another \$15 watch and \$7 in money.

"That was my last watch. I thought I'd tell you so you could inform the boys they need not call again," Fred told the police.

## EARLY ADJOURNMENT OF LEGISLATURE IS FORECAST TUESDAY

Committees Will Pass on  
Bills That Will Come  
Before Lawmakers

Columbus, March 6.—Starting today, the House rules committee will serve as the steering committee and only such bills and resolutions as it may recommend will reach a vote on the question of passage in the lower legislative chamber. This change in procedure is interpreted as indicating legislative leaders contemplate early adjournment.

Within the next week it is expected the big appropriation bills will be introduced and the Taft taxation measure and the gasoline tax bill either passed or defeated. Then, it is probable a two weeks' recess will be taken.

Reconsidering the vote by which it defeated the bill providing for licensing confectioneries, the House re-committed the measure to the dairy and food committee for amendment. The House, also, passed the bill, by Representative Dearmond, Butler County, providing for the repeal of the law requiring insurance companies to deposit \$50,000 in the state before they can transact business in Ohio or any other state. Representative Dearmond said that, because of the present law, liability companies organized in Ohio must deposit \$50,000 in every other state in which they operate.

A modified single tax program has been proposed to Governor Donahay and legislators by E. W. Doty, Cleveland, former member of the state utilities commission, as a solution of Ohio's tax problems.

The Cole bill, authorizing county auditors to publish annually a list of all property exempt from taxation, including church property and property used for charitable purposes, which passed the House, has been killed by the Senate, taxation committee. This committee fixed next Wednesday night for a hearing on the income tax bill introduced by Senator Burke, Lorain County, and recommended passage of the Taft bills authorizing county auditors to certify to the State Tax Commission lists of tax exempt property, and creating special assessment districts in cities for public improvement and authorizing assessment of one half of the cost of public improvements on property to be benefitted by the improvement.

## LAKE HAS FIRE DEPARTMENT.

Newark, O., March 6.—A fire department was formally organized at Buckeye Lake last night on the five dollars a cottage basis, and there was over \$1,000 raised with which to buy fire chemical fire engines. Elmer Nell was elected president; W. T. Rhodes, secretary, and A. J. Weaver, treasurer. This step is taken after three disastrous fires occurred in the past year.

## Bride Receives Jewels Rivaling Those Of Queen

New York, March 6.—Jewels rivaling the crown gems of many European kingdoms were worn by Miss Gloria Morgan when she became the bride of Reginald C. Vanderbilt at noon here today.

A necklace of precious stones ending in a pear-shaped diamond pendant, three quarters of an inch in

## DOPE SMUGGLED INTO AMERICA REPORT SHOWS

Most of Quantity of Drugs  
Sold Illegally Is Imported

Washington, March 6.—Preliminary investigations of the Federal Narcotics Control Board into the volume of habit-forming drugs legitimately used in the United States indicate that most of the dope sold illegally is smuggled into the country, H. A. Hayward, secretary of the board announced today.

Reports are being received from the handful of manufacturers in the United States which produce the long list of narcotics from cocoa leaves and opium, in order to determine restrictions to be placed upon importation.

Officials of the board said manufacturers are co-operating with the government and that within a few weeks all reports will be available. A decision as to the narcotic importation will then be made.

A number of applications for importation of opium have been held up by the narcotic board pending further investigation.

Under the law, only opium and cocoa leaves—raw materials from which narcotics are produced—may be imported to the United States.

Opium is imported principally from Turkey, Asia Minor and Greece. A considerable amount comes via London. The cocoa leaves are imported from Java and Peru. These leaves are used in the manufacture of many popular soft drinks, after a decocanizing process.

"It should be explained that the soft drinks contain no trace of habit forming drugs," Hayward pointed out. "The soft drink is a by-product of the cocoa leaf after extraction of the drug."

## CONFUSION HALTS AMERICAN TRADE

Washington, March 6.—General confusion, resulting from occupation of the Ruhr valley by the French, is believed by Secretary of Commerce Hoover to be chiefly responsible for interference with American shipments of goods in and out of the occupied area.

In making this statement today, Hoover, said many complaints have been filed with the state department and the department of commerce, against being held up. He added, however, that the French export tax, repudiated by the Germans, also has a bearing on the interference with commerce.

## TWO STEAMSHIPS AGROUND IN BAY

Pensacola, Fla., March 6.—The U. S. S. Langley, a plane carrier, and the steamship LaBette, from New York, today went aground in the bay here, both having run into soft mud during a heavy fog. Tugs are standing by each vessel, hoping to float them at flood tide today.

The Langley was returning from experimental maneuvers in the Gulf when she went aground. Experiments in launching and landing planes were being conducted when the fog forced abandonment of the program.

## K. OF C. TO GUARD CATHOLIC CHURCHES

Montreal, Que., March 6.—The Quebec Knights of Columbus today offered their services to the provincial government to protect church property.

Many Catholic churches have been burned recently and the conflagrations were attributed to the Ku Klux Klan, although officials of the organization in Atlanta Ga., denied it was responsible.

## FEAR AMERICAN AVIATOR LOST

Capt. Theodore Tilton

Captain Theodore Tilton, former army officer and civilian pilot, well known in the East, is missing, with a male passenger, at sea, off the Florida coast, with a seaplane in which they were returning to Miami from the Island of Bimini.

## UPHOLD VALIDITY OF HOME RULE IN OHIO CITY CHARTER

State Supreme Court Hands  
Down Decision on the  
Question

Columbus, March 6.—Validity of the amendment to the home rule charter of Cleveland, adopted at the November election, 1921 was upheld today by the State Supreme Court. The opinion, written by Judge Florence Allen, relates to the cases of George D. Hile and William Reutener versus the city of Cleveland and Fred Kohler, mayor of Cleveland.

The plaintiffs had attacked the constitutionality of the amendment which provides for the city manager plan of government and the Hare system of proportional representation in voting, and other changes in the city charter.

The court held that the amendment does not violate either the state or federal constitutions. The Hare system provides for voting by wards, each ward being entitled to from five to nine councilmen. Each elector in each ward is entitled to vote as many choices as there are members of the council to be elected but no voter is entitled to vote more than one first choice.

## SPEEDERS TO FACE LOSS OF MACHINES

Cleveland, March 6.—A policy of impounding the autos of convicted speeders was to be in effect in Cleveland from today.

Judge Samuel H. Silbert, in announcing the new plan said that he proposed it as a substitute for jail sentences and believed that it would prove more effective. Speeders will be given the choice of stiff workhouse sentences or loss of their machines for periods of from one to three months.

## SEEK INDICTMENT OF DRY OFFICIALS

Cleveland, March 6.—Indictments against twenty or more officials connected with dry law enforcement in Cuyahoga county will be sought by Prosecuting Attorney Edward C. Stanton this week, he announced today, as his probe of conditions neared its close.

The prosecutor said that he had prima facie evidences of graft and corruption against many suburban officials.

## SEEK RELEASE OF WOMAN WITNESS

New York, March 6.—Another move to secure the release of Mrs. Anna Buzzi, held in \$25,000 bail as a material witness in connection with the mysterious slaying of Frederick Schneider, wealthy contractor, was taken today when her counsel, James F. Donnelly, obtained from the appellate division of the Supreme Court a writ of habeas corpus for the release of his client from jail. The writ is returnable Friday.

Donnelly declared that he had unearthed new information, secured by private detectives he employed, which conclusively prove that Mrs. Buzzi had nothing to do with the murder. New witnesses will establish, Donnelly said, that the woman seen on the evening of the killing coming from the direction of the automobile in the Classon's point section wore clothing of a sort that Mrs. Buzzi never owned.

## INVESTIGATION OF BLACK HOODS NOW UNDER WAY

Many Witnesses Summoned  
In Probe of Alleged  
Crimes in South

Court House, Bastrop, La., March 6.—Mayor Robert L. Dade, of Mer Rouge was the first witness called before the grand jury here this morning in its investigation into the black hood crimes of Morehouse parish.

Mayor Dade at the open hearing confessed being a member of the Ku Klux Klan at one time but said he withdrew membership when he "saw how things were going." He told of taking part in a series of raids with the hooded bands and named several of the masked men who were implicated in a "hold up" near Mer Rouge.

Bastrop, La., March 6.—Actual grand jury investigation of crimes charged to the "black hoods" got under way today. Scores of witnesses have been summoned.

A. V. Coco, attorney general of Louisiana, is preparing the evidence for presentation to the jury.

Judge Fred M. Odom delivered a special charge to the grand jury. He demanded a complete investigation. He referred to the Ku Klux Klan and said: "Whether that organization is responsible for these outrages or not does not concern you. You are not here to unmask the klansmen or to disrupt the Ku Klux Klan as an organization. You are here to indict criminals, without regard to their affiliations."

"Hooded mobs" have never helped the courts, Judge Odom said. He continued: "It can not be said for these parties that they acted only after the courts had failed. They have not given the courts a chance. They usurped the functions of the courts altogether. They have pursued a course which, if persisted in, would destroy our government."

Six of the jurymen are alleged klansmen, but all declared they would pass unbiased judgment.

Small crowds clustered about the courthouse. There was no disorder. In the crowds were several persons whose names were mentioned in connection with the slaying of Watt Daniel and T. F. Richards when the open hearing was held two months ago. Daniel and Richards were said to have been slain by the "black hood" mob.

When Judge Odom delivered his charge the courtroom was crowded. The judge's rigid stand came as a surprise. It was the first time he had openly expressed himself.

Most of the witnesses to come before the grand jury appeared at the open hearing, but Attorney General Coco said the state expects to have some new evidence. Should the grand jury fail to return indictments, the attorney general indicated he would file charges on information bills immediately after the grand jury is adjourned. The grand jury is expected to remain in session two or three weeks.

## THIRTY KILLED IN MACEDONIA BATTLE

Athens, March 6.—Severe fighting, in which thirty have been killed has broken out between Bulgarians and Servians in Macedonia. According to military advices received here today, 27 Bulgarian irregulars and three Servians were killed in one engagement. The fighting is being conducted by irregulars, not by regular army forces.

## INVADERS ADVANCE

Two More Cities Are Seized  
By France—Russia  
Aiding Germany

Berlin, March 6.—In a speech inviting Ruhr intervention by an outside power, Chancellor Wilhelm Cuno today told the special session of the reichstag that "Germany will not capitulate."

"Germany will not sign a treaty that cannot be fulfilled," continued Cuno. "We want only an honorable peace."

Chancellor Cuno said he did not believe there was a possibility of intervention right away.

"Passive resistance by the Germans continues," he added.

Germany will not open negotiations with France or a settlement of the Ruhr problem, until that district is evacuated by the French and Belgian armies, Chancellor Wilhelm Cuno announced this afternoon in the special session of the Reichstag.

Chancellor Cuno virtually invited intervention in the Ruhr by an outside power.

"We would not refuse intervention by a third power," said the chancellor.

It was generally believed that he was referring to the United States. The chancellor continued:

"Germany is ready to negotiate but we must negotiate as an equal. Evacuation of the Ruhr by the armies of occupation is necessary before the negotiations can begin."

**MOVES FOR MEDIATION**  
London, March 6.—Formal motion for mediation in the Ruhr was made in the House of Commons this afternoon by Ramsay MacDonald, laborite chief and leader of the opposition on the floor.

MacDonald moved that the French and Belgian chambers of deputies be invited to co-operate with the British parliament to settle the Ruhr issue between France and Germany.

**WILL NOT DEMOLIZE**  
Paris, March 6.—The French cabinet has decided not to demolish the military class of 1921 reservists until the end of May, the foreign office stated this afternoon. Under government regulations this class automatically would have been demobilized the first of April.

**WILL NOT PAY FINE**  
Bochum, March 6.—The municipal authorities today informed the French they would not pay the 35,000,000 marks fine imposed in retaliation for refusal to obey French orders. The people are in an angry mood and trouble is feared.

**TO RETAIN CONTROL**  
London, March 6.—Great Britain will retain control of the railways in the British zone of occupation on the Rhine, Ronald McNeill announced in commons today in behalf of the foreign office. He said that the question of French transportation through the British zone had not been settled, definitely.

**RUSSIA SENDS GRAIN**  
Moscow, March 6.—The all Russian labor unions today sent 800 carloads of grain to Germany to feed the German strikers in the Ruhr. President Tomsky of the organization sent the following message:

**TRAPPED BY WOMAN; MAN IS ARRESTED IN CINCINNATI**  
Cincinnati, March 6.—Trapped by a woman, according to police, Russell Morgan, alias Jack Reynolds of Dayton Ohio, 34 years old race horse owner is under arrest here. He is alleged to be wanted in Dayton on a charge of having obtained \$12,000 under false pretenses.

Mrs. Madeline Corby, Dayton widow formerly of Detroit, Mich., told police before Morgan's arrest this morning that almost \$2,000 of her money had been recovered.

## Atlantic Coast Covered With Blanket Of Snow

Washington, March 6.—By nightfall the entire Atlantic coast from Washington north to the Canadian border will be blanketed in snow, according to the predictions of the U. S. Weather Bureau forecasters today, following their preliminary observations.

Forecasters characterized the acute change in the weather as "a very sudden development." The snow flurry which is passing over the East today, they said, was caused by a storm, which started late yesterday over New Mexico and set in simultaneously over a wide area extending from St. Joseph, Mo., to Washington.

## STATE ACCOUNTANT EXAMINING BOOKS AT CITY BUILDING

For the first time since 1920, Xenia city books are being examined by examiners from the State Auditor's office.

J. D. Reese, state examiner, and H. W. Frillman, his assistant, are conducting the examination of the city records and finance and will be engaged in the work here several weeks.

The last examination of the city books was made in 1920 near the close of the regime of former City Manager Kenyon Riddle and was in charge of W. H. Lippincott, who afterward was an applicant for the position of city manager here.

The examination now begun will also include the books of the municipal water department, and will be the first time the books of that department have been examined since the city took over the water plant. Formerly the books of municipal utilities were not examined by the city examiners, but by separate force of auditors, but this work is now combined and will keep the examiners here several weeks.

## Styles BY LENORE

### WORTH KNOWING

Waistlines low in the back, but higher in the front, will be seen in some of the new dresses.

Moire silk is used by a famous French house for youthful evening frocks.

An afternoon frock of crepe or foulard may be given individuality by a circular side panel at one side.

Long full capes of embroidered duvetyn or brocade are shown for evening wear.

The materials printed in Roman or Egyptian designs which follow horizontal lines, are exceedingly popular.

Two-piece wool jersey frocks, with pleated skirt and straight jumper embroidered in all-over cross stitch to give the peasant effect, attracted a lot of attention in a Fifth Avenue shop. They were shown in white, beige, gray and dark blue, stitched in red, white and green.

## WANTS TO HELP OTHER WOMEN

Grateful for Health Restored  
by Lydia E. Pinkham's  
Vegetable Compound

Chicago, Ill.—"I am willing to write to any girl or woman who is suffering from the troubles I had before I took Lydia E. Pinkham's Vegetable Compound. My back always ached, so I could not go about my housework, and I had other troubles from weakness. I was this way for years, then my sister-in-law took the Vegetable Compound and recommended it to me. In the time I have been taking it and it has done wonders for me. I keep house and am able to go lots of work besides."—Mrs. HELEN SEVICK, 2711 Thomas St., Chicago, Ill.

Women suffering from female troubles causing backache, irregularities, pains, bearing-down feelings and weakness should take Lydia E. Pinkham's Vegetable Compound. Not only is the worth of this splendid medicine shown by such cases as this, but for nearly fifty years this same sort of experience has been reported by thousands of women. Mrs. Sevick is willing to write to any girl or woman suffering from such troubles, and answer any questions they may like to ask.

## PLAYGROUND PLAN IS ENDORSED BY WOMEN OF XENIA

The Parent-Teacher Federation endorsed the plan for a playgrounds, park and recreation center at the conclusion of a meeting of representatives of various women's organizations at Central High School Monday afternoon.

The meeting was addressed by F. H. Young, representing the Playground and Recreation Association of America, who is here in the interests of establishing a recreational center in Xenia. His talk was optimistic of the possibilities of providing recreational facilities for the children of this city.

Representatives of the Business and Professional Women's Club, the Junior Woman's Club, the Xenia Music Club and the Parent-Teacher Federation attended the meeting. Representatives of the other organizations will carry the outcome of the meeting to their respective clubs for club consideration and action.

## MEDALS RECEIVED HERE FROM FRANCE

Miss Ella Fogg, president of the Greene County Branch of the American Committee for Devastated France, and Mrs. Leon C. Reed, of Yellow Springs, secretary of the local branch, have received certificates from the French government, through the national headquarters in New York City, acknowledging services rendered.

The certificates bear a picture showing a devastated area in France, and is printed in French and bears the seal of the French government. An oxidized medal bearing the French insignia accompanies it.

The American committee which was sponsored by Miss Anne Morgan, chairman of the executive committee, performed splendid service during the war, and still operates, working in conjunction with the French committee, which is located at Hierancourt, France. Workers on the American Committee all over the country have been rewarded with the certificates and medals.

## SPRINGFIELD KLAN CASE POSTPONED

Springfield, O., March 6.—Post-

ponement until next week at least of the case of W. M. Cortner, alleged kleeagle and organizer of the Springfield Ku Klux Klan, charged with riotous conspiracy, was announced today by Police Judge Davis. The delay, Judge Davis explained, is caused by the death of his infant nephew.

Attorney J. B. Malone, special counsel for the prosecution, said today that "the matter now is in the hands of the court and we will confident that the motions of the defense to dismiss the defendant and return the evidence are not well taken."

Attorney J. F. Anderson, representing Cortner, expressed belief that the state had not built up a proper case for indictment of Cortner by a grand jury.

## ANTIOCH COLLEGE TO PUBLISH YEAR BOOK THIS SPRING

For the first time in several years, Antioch College will publish a year book this spring, according to announcement.

Students are now busy taking orders for the book and obtaining advertisements for the "annual." Francis X. Reynolds, formerly of the Gazette and Republican advertising staff, and at present identified with the college's publication of the Yellow Springs News and William Wardman, have been named as business managers of the publication.

Austin Edison and Marion Richardson will be editors of the "annual" and Robert Straker has been named as circulation manager. Mrs. Olive Nybladh of this city is almost editor of the publication and is anxious to hear news of former students.

It is planned to deliver the book the latter part of May.

### EAST END NEWS

Unity Court will meet Tuesday evening.

Twenty friends and neighbors gathered at the home of Mrs. Bettie Cowels, of East Market Street, Monday night to celebrate her birthday. The occasion was a surprise. After a program of musical selections, recitations and short talks by the guests, she was presented a useful bath robe. A dainty luncheon was served.

Rev. Joseph Thompson of near Cedarville, is ill at his home again.

Mrs. Jane Robinson of 1044 East Church Street, died at her residence at about 3 p. m., Monday. She had been in declining health for many years, but the past two weeks had she been confined to her bed suffering from an attack of grip. She was born in Lexington, Ky., 91 years ago. She had lived in Xenia about 54 years. She was a member of the Zion Baptist Church and joined under the pastorate of Rev. John R. Bowles.

Her husband, the late Thomas H. Robinson preceded her in death seven years ago. She leaves Mrs. Emma Goldstone, Seattle, Washington. Mrs. Louise Young, Mrs. Katie Ferguson, Joseph, William, Frank

and Robert of Xenia. Funeral services will be from the Zion Baptist Church Thursday afternoon at 2 p. m. She was a member of the Home A.I. Society and also Queen Lili Tabernacle No. 471 who will have charge of the service.

## PAINFULLY BURNED AS GAS EXPLODES

Mrs. Lydia Carlton, South Monroe Street, was severely burned about her hands and face, Saturday morning, when gas that had accumulated in the oven of the kitchen stove, exploded as she undertook to make a fire.

While the burns are very painful they are not considered serious.

## PUBLIC OPINION AND THE RUHR.

No greater service can be rendered the cause of peace at the present moment than by the maintenance of an open and quiet mind, when the cabled stories from and about the Ruhr are read. A very distinguished commentator on European political and military affairs announced, without hesitation or qualification, that war was inevitable because of the French effort to enforce in the Ruhr region the provisions of the Versailles Treaty. Other observers seek to terrify the world with the assertion that if France does not abandon its effort to get from Stinnes, Thyssen and Krupp some portion of the money which they are storing away at the expense of the German people, the debtor nation will turn to Bolshevism, and the frontier of Europe against revolution will be moved as far east as Poland. Still others think they see British neutrality turning gradually toward sympathy with Germany, and an inclination to help that Nation lest British trade be endangered by its entire disorganization. Optimists in numbers are reaching the conclusion that, after all, big business, not international politics, is involved, and the logical outcome of the situation is going to be a combination between German captains of industry and French captains of industry for the purpose of dominating the steel and coal interests of all Europe. The situation offers a pretty field for speculation and political and economic philosophers who have access to the columns of newspapers are expressing a multitude of divergent views, each with dogmatic certainty, and all differing wholly among themselves.

## SEEN THROUGH "WET" EYES.

An avowed "Wet," Jack O'Donnel, writes in Collier's Weekly: The great mid-west is joining hands with the far west and the south in the movement to make America bone dry. . . The Eighteenth Amendment is an accepted fact almost everywhere west of Wisconsin, Minnesota, Oklahoma, Arkansas, Tennessee and other states that I have visited in the last few months are dry—the sentiment is dry, and there is a growing respect for the Volstead Act. None of these states is bone dry as yet, but they are on their way.

I was loath to admit it even to myself, but there is an abundance of evidence that a great "dry wave" is rolling eastward, slowly but surely grinding down opposition to prohibition. And riding the crest of this wave, are the clean, substantial citizens of the Nation—the John Smiths and the Tom Browns—and, always, their wives and sisters and mothers are riding at their sides.

Some day we wets are going to awaken to find that an overwhelming majority of the people of the United States are weary of bootleggers and dry law violators. Some day, and that day is not far distant, these people are going to rid the country of the bootlegger and the hum runner just as the Vigilantes of the fifties rid the California mining camps of undesirable gamblers and gunmen.

## OUR NEW CABINET MEMBERS.

The announcement at the White House of the appointment of Hubert Work to be Secretary of the Interior and Harry S. New to be Postmaster General confirmed the rumors and expectations that have been current ever since the resignation of Secretary Fall was placed in the hands of the President.

The appointment of Mr. New, whose terms as United States Senator from Indiana expired on March 4, was, as was that of Harry M. Daugherty to the post of Attorney-General, a personal one and is another evidence of the persistent loyalty of President Harding to those who enjoy his friendship. It is known that the President is not only a devoted friend of Mr. New, but that he esteems his abilities and character highly.

Mr. New has been a journalist and a business man and has served on important committees since coming to the Senate. The opposition to him from Indiana was due purely to factional troubles in the Republican party and evidently did not weigh with the President as strongly as his inclination to appoint him and his regard for his good qualities. His nomination was immediately confirmed by the Senate.

Mr. Work, who will leave the Postoffice Department after being its head for a little less than a year, to take charge of the varied and manifold duties of the Interior Department, has had no official experience other than that in the Postoffice Department but had been very active in Republican politics in Colorado. He is a doctor of medicine and has been president of the American Medical Association.

## VALUE OF SERVICES.

Suppose transportation service, telephones, street cars, electric lights, gas, were suddenly to disappear!

No disaster could be worse! Boston, Denver and Chicago, with only their street car facilities suspended, lost 50 per cent of their trade and 75 per cent of their labor and wages.

Contrast with these gloomy facts the health, happiness and comfort that depend upon your public utility service.

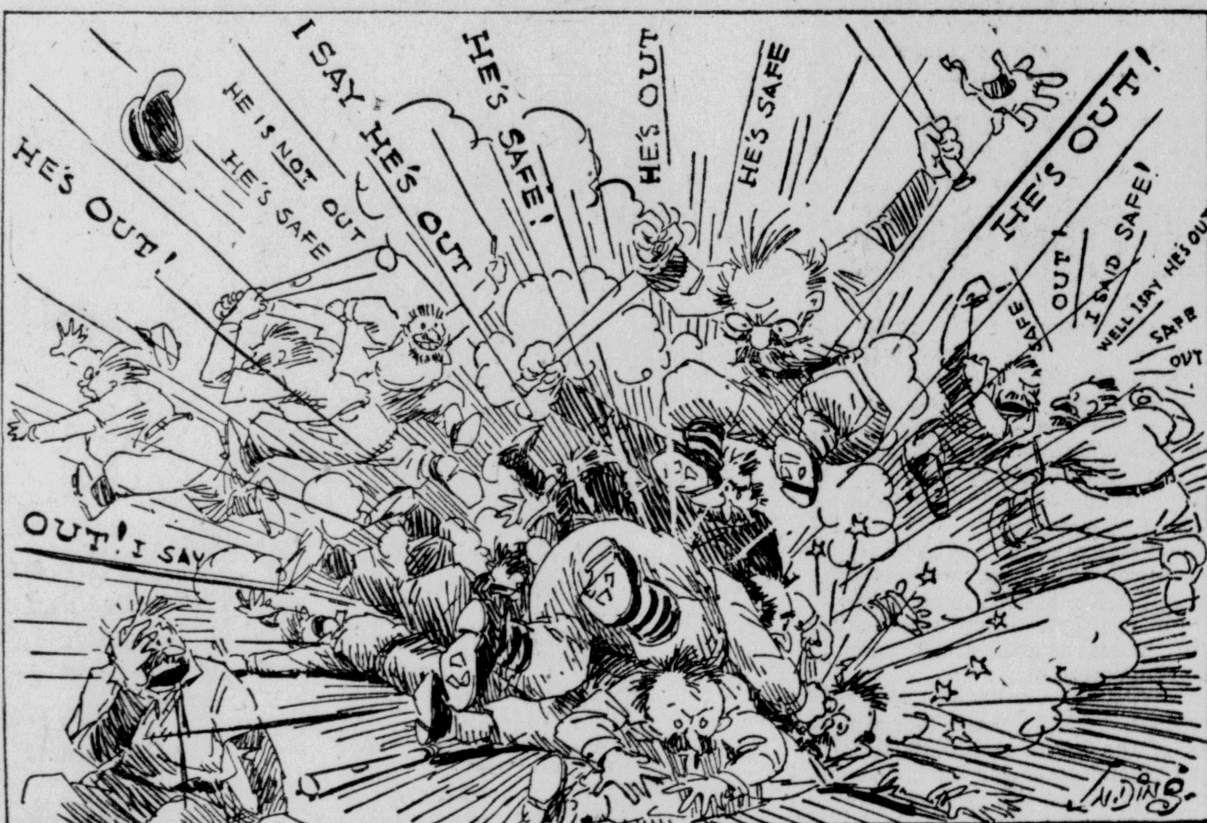

You press a button and light instantly illuminates your house. You pick up a telephone receiver and your place of business or your home immediately replies. Turn a lever and gas at once is ready to cook the evening meal. Board a street car and, carried by some invisible power, you reach your destination.

New York can talk with San Francisco. A roomful of people in New Orleans can hear the symphony orchestra in Minneapolis. The utmost parts of the earth are in touch with our daily press. There is not a moment of our lives, sleeping or walking, that is not made richer in possibilities, because men of genius and vision have delved into the secrets of electricity and kindred sources and have placed them right at our hand, ready, powerful, cheap.

## 1903--Twenty Years Ago--1923

The Greene county election board held a lengthy session last night and the question of dividing the wards into voting precincts upon which there has been a dead look for some days, was taken up and the work accomplished.

Mr. L. L. Luft, superintendent of the People's Gas and Electric Light Company has tendered his resignation to take effect March 15th. Mr. Luft has been in charge of the old Xenia Electric Light Co., for years, coming to this city when the plant was installed and when it merged into the gas com-

pany he was made superintendent of both.

The big basketball game between the High School and Cedarville College, at the Y. M. C. A. Club last night, resulted in Xenia's victory, the final score being 26 to 14 in favor of the High School. The Xenia boys all played well, especially Kelly, who had his eye on the basket in great shape.

The name of Jacob Kany is today presented to the voters of the city as a candidate for re-election to the Xenia City School board.

## ANSWERED LETTERS.

Jane H.: You can massage this extra weight from the hips, or take special exercises for all the muscles of the abdomen and back. The rotary exercises, where you bend at the waist and then describe a circle to the right and then to the left, will bring all the muscles of the hips into action.

Another set of exercises are those where you bend at the waist and touch the floor with the fingers without breaking at the knees.

With auburn hair, grey eyes and fair skin, your best choice in colors will be green, all shades of brown, cream and rose color.

George M.: A skin that persists in being sallow, even though you are bleaching it, shows that the liver or the organs of elimination are at fault. You can do much to improve this condition by a proper choice of foods, or have the doctor prescribe for you. Grape fruit or oranges at your breakfast, spinach or any other green vegetables with your dinner will help much. When bleaching the skin with lemon all that is needed is to rub the juice into the pores and let it remain for a time. Remove with warm water and massage into the skin either a fine oil or a cream, as the skin has been temporarily deprived of the natural secretions and will be left irritated unless treated in this way.

The cucumber bleach that you mention contains all the ingredients needed for both bleaching and soothing the skin. I will be glad to mail you formula for it if you wish. If you do send a s. a. e. along with your request.

Youth: Your skin will continue to improve, as you have learned just what agrees with it. Never use any soap on it unless it is one made from vegetable oils, such as the old fashioned castile, or some other olive oil.

## FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation, and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, Itch, Pimples, Rash, Blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It is positively safe for tender, sensitive skins.

## THE GAZETTE And THE REPUBLICAN Information Box

All questions asked by our readers will be answered in this column. Medical and legal subjects are barred. Address all queries to "Information," this paper.

Inquisitive—The Chinese language is spoken by 400,000,000 people.

Musician—We know that there has been a typewriter invented that will print music, and that its inventor is a clergyman, but must confess that as yet we have heard of no practical result of the idea.

Twenty—The first street to be lit by gas light was Pall Mall, in London, on January 28, 1807.

Question Asker—The discovery of America, according to documents found at Genoa, cost just about \$5,000 to \$6,000.

Harriet L.—The exact cause of the roar of a waterfall is the bursting of millions of air bubbles with the impact of the drop.

Reader—Fuller's earth was discovered in Florida in 1893 through mere accident. An effort was made to burn brick on the property of the Owl Cigar Co., near Quincy; the effort failed, out an employee of the company called attention to the close resemblance of the clay used to the German fuller's earth. Florida is now the leading state in its production.

## Today's Talk

**THE PELICAN**  
I stood on the shore of the ocean recently and watched a lone pelican perch upon a post that was out from the shore.  
The friend at my side asked me if I knew the story of this particular pelican, and I replied that I did not. Then I was told that one day this bird and his mate were both perched upon that same post when a shot rang out—and the mate fell.  
That happened three years ago. But to the same post day after day comes this faithful pelican to see if his mate would return to him perhaps—or because his thoughts run to the associations of happier days.  
We have few associations that continue.

Life is a moving drama—to many just a mysterious dream.  
Often we go back to other days to see if our mate isn't there—or to see if we cannot warm the atmosphere of dead days so that they will shine happiness and beauty into our hearts once again.

And there is a certain compensation in this pilgrimage into the past. But the fullness of our efforts must be ahead, not behind.

Life is a gathering force, like a snowball that the small boy rolls to great size and is thrilled by.

And through these little lives of ours may some day melt away like that same snowball, still there will remain results of our efforts that are sure to be absorbed into the permanence of time in the shape of love and influence.

The lone pelican returns day after day to his post by the shore where he lost his mate.

Magnificent yachts pass by, unno-

ting. Bathers come throughout the year and pay no attention, except occasionally to snap pictures of the bird.

Even the sea shows little concern—at times it even grows mad and lashes the place where this lover of the waters is wont to perch.

And so to our past loves and hopes and ashen resolves, the world gives little note.

It is quite enough if we do our best in the best way that we know, and keep our tears for the lone hours—sharing our joys with the romping world beside us.

## KEEP LOOKING YOUNG

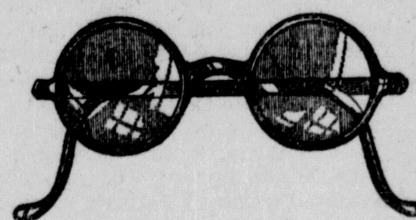

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 30c.

## TROY WOMAN SENT TO PRISON AFTER TRIAL IN DAYTON

Three Greene County men were in the federal jury in U. S. district court, Dayton, Monday that found Mrs. Iva Sidermiller, of Troy, guilty of sending obscene letters and postcards through the mail, for which she was indicted by the federal grand jury some time ago.

The case was heard before Federal Judge John E. Sater, who sentenced the woman to serve three years in the Jefferson City penitentiary in Missouri. The three Greene County members of the jury that convicted the woman were Elmer Fischer, of this city, W. B. Bryson of near Xenia and Towne Carlisle of Yellow Springs.

The verdict was returned 45 minutes after the jury retired and sentence was imposed immediately. The woman denied her guilt to the last although she had previously entered a plea of guilty but had changed it after she had been found sane in Montgomery County Probate Court.

The specific charge was sending two letters and 11 post cards containing obscene matter through the mails to neighbors and Judge Sater characterized the case as the filthiest ever aired in his court. Women were ordered from the court room shortly after the proceedings opened. The Jefferson City Penitentiary is the woman's division of the federal penitentiary at Leavenworth, Kansas.

## DEBT DEADLOCK ON EXPENSES UNBROKEN

Paris, March 6.—After three hours of discussion the allies maintained their refusal to pay America's expenses for occupation of Germany from the reparations fund.

It is now certain that the present conference can only have a "theoretical result," and not even that unless the present deadlock is broken. America's demand for \$250,000,000 for the expenses of its army of occupation met with the suggestion that instead of cash the United States accept payment in dyes, charcoal or other goods, which at the present rate of production would take 40 or 50 years even if Germany was willing to supply them.

Another adjournment of the conference was taken until Saturday. Elliot Wadsworth, assistant secretary of the treasury, the American delegate, said: "I certainly am having a nice vacation."

## SIGHTLESS STUDENT SEES WITH CHEEKS

Evanston, Ill., March 6.—Sightless, but with the nerves of his cheeks so acutely sensitized as to guide himself almost unerringly, Carl Bostrom has chosen journalism as a career. Bostrom is a student in the college of liberal arts at Northwestern university. "My blindness is no handicap," he said. "I am able to go about briskly."

Bostrom, while explaining his peculiar "sight," acted as guide about the campus, with its 50 acres of buildings, its winding walks. "Each building," he continued, "has an atmospheric aura all its own. I know them and am able to distinguish them by their peculiar influences on the air about them, just as you recognize them by the light rays which emanate from them. The air near the lake is humid, and thus I am able to get my directions without troubling anyone. Stone buildings impart a different 'feel' to the air than bricks or wood. Thus I know when I am near a door, whether it is open or closed."

## HEAVY FIGHTING IS REPORTED IN DUBLIN

Dublin, March 6.—There was heavy fighting with machine guns in Dublin between Free State and irregular forces. One civilian was shot and there were numerous other casualties which have not yet been checked up. In a fight at Cahircive, in County Kerry, three Free Staters and two irregulars were killed. One important rebel leader was captured by the government forces.

### ALL-STAR TEAMS

By Leroy Wones

The Gazette and Republican here present their mythical all-star southwestern Ohio basketball teams, picked from the divisional tournaments at Miami University, Oxford, last Friday and Saturday.

The selections are made after careful consideration of all points, personal observation of the player and conferences with coaches and officials at the tourney, in which their opinions were obtained. These papers believe the all southwestern team could handle any high school basketball aggregation in the state after a little practice.

Steele High, one of the winners of the meet, gets the most positions on the first team with two, while Hamilton, Stivers and Norwood each claim one position. Norwood has two positions on the second team, Stivers, Steele and Hamilton one each. Le-Sourd and Captain Currie of Xenia Central are given honorable mention among players although their team was not a real contender in the race. In faster company these lads might have shown their worth more prominently as also might have Woolery, who played a whale of a game against Stivers.

Two Cedarville lads get places on the mythical Class B first team, Bates being placed at forward while Johnson gets a call at guard. Cedarville made a remarkable showing in the tournament against teams from bigger schools, and these lads were in front of the Cedarville attack all of this time. Two Plattsburg athletes and one Bradford player were also named to the Class B first team.

Harlow, of Steele, is the class of the Miami University tourney at the forward position as this lad has been high man in the way of field goals. He dribbles, pivots, sidesteps, fakes, has the speed of a deer and is a sure shot at the basket.

Andrews of Hamilton, at the other forward, would make an excellent running mate for Harlow. The Hamilton lad is small and it takes a good guard to keep him from breaking into the scoring column. He is like Harlow being a good dodger and also an accurate shot both from the field and the foul line.

The center position goes to English, the clever goal shooter of the Stivers team. He is a small fellow but fast and is a very good shot and is also good on defense. He is a player of merit—so much merit that he had to be placed on the first squad.

Buchanan, of Steele, is probably the most valuable player on the Steele outfit. On defense Buchanan is a tower of strength and always getting the ball on the rebounds. His dribbling was the best seen at the tourney, while on the other hand he had a good eye for the net. He is made Captain of the team because he is a good and clean player.

"Whitey" Pons of Norwood, Buchanan's running mate on the all-star five possesses great speed and is a good dribbler with a keen eye for the basket. He is an unusual close guard having speed to cover tightly any forward that showed his wares at the tourney. This lad always has plenty of fight and Buchanan and Pons were easily the best pair of guards uncovered at Miami.

The second team shows five players that would make the best high school team in the country step to beat them. Reilly of Norwood and Herman of Stivers at the front positions would make a fine pair of point getters.

Zimmerman, the lanky Norwood

## Cuticura Heals Pimples Scattered All Over Face

"I was troubled with pimples that were scattered all over my face. The pimples were hard, large and red, and very sore when touched. They festered and itched and burned, and my face looked awful. I tried different remedies but to no avail."

"I read an advertisement for Cuticura Soap and Ointment and sent for a five sample. I could see from the beginning that it was helping me so purchased more, and after using one cake of Cuticura Soap and one box of Cuticura Ointment I was completely healed." center gets the tip off position on the second team. He is good on both offense and defense and is always a trouble to the opposition. He is a "bear" on long shots.

In Mantos, named as Captain of the second team and McGuire of Steele the second team has a pair of guards that could very nearly take the places of the first team guards. Both are excellent on the defensive part of the game.

As to the forwards on the class "B" teams the choice goes to Bates of Cedarville and Garret of Plattsburg. The latter is a consistent player and fine shot at the net and is also a good floor man. Bates is next in rank, because of his ability to shoot baskets and cover the floor.

At the pivot position Stewart, of Plattsburg, is the choice. Few centers were able to outjump this lad at the tourney, and in addition he was a streak on the floor and showed well on defense. This boy is an ideal basket player.

Among the guards Johnson of Cedarville and Tuttle of Bradford were the outstanding stars of their respective teams. To get by Johnson was a tough task. This lad made the going rough for the opposing forwards. He seldom shot a field goal and generally played in the middle of the court.

Tuttle of Bradford was the next best guard, being a floor guard of the type of Buchanan of the first team. This lad was very good on long shots.

### THE DELAWARE TOURNAMENT

By Higgins.

There have been a total of 36 games won by one point in the history of the annual interscholastic court meeting at Delaware, according to the records, which have now become history of that now abandoned gathering.

The greatest number of one-point victories was in 1920 and 1921 when it happened nine times. A total of 43 games have been won by two points, the greatest number being in 1921, eight. Thirty-two times have three points been the margin, 1921 leading again with eight.

Victories by five points or less have been scored in 169 games, the greatest number being 38 in 1921. Eighty-four teams have been held to scores of five points or less in the past tournaments. Ten points or less have been scored in 25 of these scores coming in 1921. Ten points or less have been scored in 25 of these scores coming in 1921.

the counts for 310 teams, 90 being held under this limit in 1921.

More than 100 teams have won when their scores were 15 points or less, the record being held in 1921 when 40 such games were played. The favorite winning score has been 22 points, 39 teams being victors with count. Second comes 19 with 34 and 15, 23 with 33 games each.

Twelve has been the favorite losing score in the history of the Delaware meeting, 59 teams having that as their record. Ten is second with 55, 11 third with 52 and nine fourth with 44.

The lowest score is that of Steele and Hamilton in 1921, while there follows a list of the lowest scores ever made:

Carrollton 12, Milan 1, 1916; East Palestine 9, Gallon 6, 1917; Akron Central 9, Piqua 5, 1918; Ansonia 7, Powell 6; Cambridge 10, Marietta 8; Berton 9, Findlay 5 and Cambridge 9, Troy 7, all in 1920; Steele 7, Hamilton 4; Ada 10, South Euclid 3; Canton McKinley 10, Cleveland Central 9; Eaton 10, Wilmington 9 and Dover 9; Stryker 3, in 1921.

### EIGHTH GRADERS WIN

St. Brigids eighth grade basketball team defeated the seventh grade Monday night in the first round of the school grade tournament by the score of 11 to 9, in an overtime game.

The eighth grade was leading at the half by 3 to 2 score although the seventh graders scored first when Killeen located the net for the initial basket. At the end of the regular playing period the teams were tied at 9 to 9, and an overtime session was declared in which Kelbie tossed the winning basket.

Combs starred for the seventh graders and Cain shone well for the winners. Tuesday night the eighth team will play the sixth graders. The lineup and summary:

8th Grade—11. 7th Grade—9.

Substitutions: Kennedy for Stephens, Davis for Killeen, Killeen for Davis. Field Goals: Cain 2, Kelbie 2, Allen 1, Killeen 2, Combs 2. Poul Goals: Cain 1, Combs 1. Referee: Graham.

### WILBERFORCE VARSITY WINS

Wilberforce University made another bid for the colored court championship by defeating the strong Springfield Tigers, conquerors of the Xenia American Legion, by a score of 32 to 19 at Beacon Gym.

If Wilberforce finishes the season without defeat it will be in position to claim the colored collegiate championship as Morehouse has cancelled and Lincoln is the only obstacle in the path of such a claim. Pete Willett starred for Wilberforce in the Springfield game, and netted eight points for his evening's work, while Chief Redden at forward accounted for ten points. Health and Spears starred for the Tigers. The lineup and summary:

Wilberforce—31. Tigers—19.  
Redden ..... L.F. .... Lee  
Lewis ..... R.F. .... Health  
Willett ..... C. .... Pearle  
McGee ..... L.G. .... Ellicott

## THREE-FOLD PURPOSE OF CHRIST NAMED BY EVANGELIST

The second week of the Triangle Group services at the First Reformed Church opened Monday evening with an audience that comfortably filled the auditorium to hear the Rev. Joseph S. Flacks.

The evangelist laid a foundation for his sermons, in his statements: "I haven't been asked for a program of services and topics of sermons, so I feel free to bring the message each night that the Spirit might direct me. Some night I will give my personal experience in finding Jesus Christ, as my Savior and all that followed."

"We are workers together with God. I will follow the great eternal blue print of God in these services."

"The three-fold purpose of Jesus Christ" was the subject of Monday evening's discussion. Using the gospel of Matthew 1:18 and Luke 2:21, the Rev. Mr. Flacks painted a word picture of the ceremonial acts clinging about the birth of Jesus. The age-old legal custom of the Jews giving their first-born son to the Lord and then purchasing him back again. The evangelist described his own experience of giving a five dollar gold piece to the priestly representative to redeem his first-born. "The Jews are afraid of the name Jesus," he declared. "They are afraid of Christians because of the atrocities which have been practiced in the name of religion. I am not here to stir up anything but the love of the Lord Jesus. I love my own people, but they do not understand the Messiah Jesus Christ."

The three-fold purpose of Jesus was then taken up by the speakers first, Jesus came to save people; second, Jesus came to give light unto the Gentiles; third, Jesus came to give glory to the people of Israel.

"Christ made atonement for all the world, the Jew included," was one of his statements. The Rev. Mr. Flacks declared that more Jews in comparison believed in Jesus in the 19th century than Gentiles, and that one Jew out of every 150 accepted Jesus Christ as Savior. In all the missions of the world among the Gentiles, only one out of 543 took Christ, said the evangelist. "My race is going to take the Messiah, they rejected, some day. The Jews did not call Christ to the cross any more than the Gentiles, it was the sin of the whole world, all our sins."

The Rev. Mr. Flacks will preach Tuesday night at 7:30 o'clock, the Friends Church congregation will attend the service in a body, special seats to be reserved for them. The Rev. Mr. Stewart will talk to the children at 4 o'clock. Mrs. Stewart will teach Bible Class at 2:30 o'clock for women only. Prayer meetings were held at the following places Tuesday morning: Mrs. McPherson, West Second Street; Mrs. W. B. Chew, East Market Street; Mrs. Howard Norris, Hill Street, and Mrs. W. J. Oglesbee, North King Street.

The employees of the Hooven and Allison Company will attend the Thursday service in a body. Friday the Xenia Shoe Manufacturing employees are to attend the service as a delegation.

## LENINE NOW SAYS WORLD REVOLUTION WELL IS ON WAY

Moscow, March 6.—"The whole world is passing into a movement which will give birth eventually to universal revolution, but we have to consider the fact that the outside world, hostile to us, has been divided into two militaristic and capitalistic camps," declared Nicolai Lenin, head of the soviet government, in a statement today. The statement was issued primarily in support of the proposal to give wider powers to the committee of workers and peasants.

"The western capitalistic powers," said the statement, "are doing their utmost partly consciously and partly automatically, to push us backward. They would employ internal conflicts in their own countries in an effort to destroy the socialist movement."

"International relations have become such one country is enslaved by its conquerors, notably Germany. The western powers are making use of their victory to wring further concessions from the classes that were already oppressed. They are attempting to postpone the general revolution."

"In order to secure our existence until the next military conflict between the counter-revolutionary West and the revolutionary and nationalistic East, it is necessary for the peoples in the East to gain time. We must strive to build up our Russian State in which the working class holds the leadership. But in order to build up the nation there must be discipline and to leaders must have power to order and execute constructive work."

Lenine said that capitalism was increasing in strength in the eastern countries. But at the same time he urged that "the power of the workers be preserved in Russia and peasant leadership be cherished."

Lenine made reference to Germany, saying that it was a "capitalistic country which was being picked to pieces by the other capitalistic powers."

## MRS. R. M. CONNOR DIES LATE MONDAY

Jamestown, March 6.—Mrs. Rebecca Mercer Connor, 99, widow of James Connor, died at her home on a farm near Jamestown Monday evening at five o'clock. Death was due to the infirmities of age.

Mrs. Connor was born in West Virginia, July 22, 1823, the daughter of John and Rebecca Mercer and would have been 100 years of age had she lived until next July 22. When she was a child her parents had moved to a farm near Jamestown and Mrs. Connor had since made her home in that vicinity.

With her eyesight and hearing only slightly affected by her advanced age, Mrs. Connor possessed remarkable faculties for one who had almost reached the century mark. She had been enjoying her usual good health all winter and was able to take care of the lighter household duties until recently.

Her husband preceded her in death many years and she was the last member of her immediate family. Three sons, however, are living. They are O. M. Connor of Jamestown, Eli, who made his home with his mother and Baxter Connor of Gladstone. Mrs. Connor was a member of the Methodist Protestant Church at Jeffersonville for many years.

Funeral arrangements have not been completed.

**Received Missionary Society**

Mrs. W. H. Rockhold opened her home on Friday afternoon to receive the members of the Woman's Missionary Society of the United Presbyterian Church. Miss Margaret Lackey conducted the devotional exercises. Mrs. J. H. Lackey was leader of the mission study for the hour, assisted by Mrs. Robert Dean and Mrs. Edward Darling. The topic was the trend of the Negro Race and the advancement they have made in the past few years. The annual election of officers took place: President, Mrs. L. L. Gray; Vice-President, Mrs. W. H. Rockhold; Secretary, Mrs. J. Clark Lackey; Treasurer, Mrs. F. W. Ogan; Literary Secy., Mabelle Grady; Thank Offering Secy., Mrs. Ralph George; Temperance Secy., Mrs. Dwight Clark. A social hour was enjoyed by the members at the close of the session.

#### Laid To Rest

Funeral services for Dr. A. L. Teeters on Saturday afternoon at his late home and were in charge of S.

M. Smith, minister at Bowersville, assisted by J. Earl Pryor, minister at Jamestown, who read several scriptural selections and offered prayer. Mr. Smith gave the sermon basing his remarks on the second verse of the eighth chapter of Acts. He paid a deserving tribute to the life and Christian character of Dr. Teeters. There was no singing. Mr. Smith read Tennyson's "Crossing the Bar," and Mr. Pryor read the hymn "Abide With Me." The gift of floral offerings were many large pieces. Those serving as pall bearers were Otto Thorpe, De Lee Early, Frank Elee, Harley Flee, Dr. L. S. Moon, M. E. Jeffries. Interment was made on the family lot at Washington C. H.

#### Narrowly Escape Death

Friends here of Mr. and Mrs. Frank Long of Columbus, will be interested in knowing that their son Herbert and family just escaped with their lives when their home burned at Jersey City, N. J. A little house dog ran from room to room barking and awakened the family who ran out in their night clothing, not saving a single thing. Even the little pet dog perished in the flames.

The Longs have two small sons and they are now in Columbus and are at the home of their parents, Mr. and Mrs. Frank Long, who were former residents of Jamestown.

#### Pleased With Showing

Coach Ross Stoner of the Jamestown high school basketball team was pleased with the showing of his team made at Oxford Saturday. They drew Bradford which is a strong team. At the end of the game the score was a tie 10 to 10. But when played off Bradford won 11 to 10. The game was a hard fought one, Bradford won in Class B in the southwestern division defeating Cedarville by a score of 9 to 3. So they will play in the state tournament at Columbus.

#### To Hold Meetings

The Woman's Missionary Society of the Church of Christ will have their monthly meeting on Wednesday afternoon at the church, Mrs. Frank Hutslar will be the leader of the program which will be the study of "The Jungles of Africa," following the business session.

Mr. Newton Smith is now convalescent from a severe attack of grip.

#### Girls' Teams Plays

The girls' basketball team of the Jamestown high school went to Yellow Springs on Saturday to play in the semi-finals and defeated Osborn by a score of 18 to 2. On Saturday the Jamestown girls will play the girls team of the Bowersville high school at Yellow Springs.

#### Entertain At Dinner

The Misses May and Sarah Harper had for their dinner guests on Sunday, Mr. and Mrs. John Barnett of Xenia and Mr. and Mrs. W. W. Barnett, of Jamestown.

#### Play in Springs

Both of the teams of Jamestown will go to Yellow Springs on Tuesday evening to play the boys and girls teams of the Academy.

#### Personals

Dr. and Mrs. W. K. Ruble of Wilmington were Sunday guests of Mrs. Alice Dingess.

Mr. J. C. Brown has recovered from the grip and is now able to go to the bank for a short time each day and his many friends are pleased to see him out again.

Miss Rebecca Marsh has had for her guest, Miss Millie Parker, a high school teacher of Caesar Creek.

Frank Parquhar, Alfred Ferguson and Auburn Thomas motored to Oxford to attend the basketball tournament.

Mr. Hugh McKillip and family are moving to their farm near Bookwalter. Carl Buckles will move to the Baker property on East Xenia St., vacated by Mr. McKillip.

Mrs. Paul Garringer resigned as teacher of Silver Ridge, just east of Jamestown. Mrs. Ray Cushna has taken her place in the school.

Mrs. Ernest Hill is very ill from pneumonia, following an attack of grip.

#### COLDS ARE CONTAGIOUS

Coughs and Colds are contagious and require prompt treatment as they spread or develop into Flu and Grip. Take no chances when you can get Foley's Honey and Tar for a few cents and quickly check coughs and colds. The constantly increasing demand for Foley's Honey and Tar, for three generations, has made it the largest selling cough medicine in the world. Contains no opiates—ingredients are printed on the wrapper. Refuse substitutes. Insist upon Foley's. Sayre & Hemphill, 8 South Detroit Street. adv

## NEGOTIATIONS FOR FUNDING OF DEBT BEING FURTHERED

Washington, March 6.—Negotiations for funding Great Britain's \$4,000,000,000 war debt to the United States moved rapidly toward completion today as the American debt funding commission met at the Treasury Department to draft the final form of a contract which will bind the British to payment on a basis already agreed to by the two governments. An outline of the contract embodying the terms of the agreement already approved by Congress will be cabled to London tonight. After it comes back with the O. K. of the chancellor of the exchequer it will be signed by Sir Auckland Geddes, the British ambassador.

Treasury Department officials expected today that the British government would prefer a form of bond to cover the entire amount of the debt due the United States, the bond later replaced by another bond or by bonds of smaller denomination.

## SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and you do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream. adv

**CHARGE TREATY WAS VIOLATED BY THE FRENCH**  
**Member of British Cabinet Alleges Bad Faith On Part of France**

London, March 6.—As a result of the vote of the French, Italian and Belgian members of the Rhineland high commission, French troops on Feb. 25 occupied the territory between the Mayence and Coblenz bridgeheads. But there is no provision in the treaty of Versailles or the Rhineland agreement under which the high commission could claim to exercise jurisdiction over the territory in question.

This admission was made in the house of commons by Ronald MacNeil, under secretary for foreign affairs, who added: "The attention of the French officials was called to this matter, but since the violation of the treaty France has also occupied Mannheim, Karlsruhe and Darmstadt."

During the debate the fact was brought out that General Degoutte, commander-in-chief of the French forces on the Rhine, is virtually dictator of occupied Germany, as he has only to hand to the French representative on the Rhineland high commission any decision he wants made and the commission, with the French, Italian and Belgian members voting together, promptly ratifies it. Then General Degoutte, by decree, extends it from the Ruhr to all other territory that is occupied in violation of the treaty between the French and the British. Lord Kilmarnock, the British representative on the high commission, does not vote on these decisions.

There is a feeling among all parties in parliament that as a result of this violation Britain ought to take a determined stand against these continued aggressions.

If Liverpool rejects the government candidate and returns a Labor candidate at the by-election there today, as many expect, there is no doubt that the Ruhr invasion, next to the housing reforms, may be the chief issue in the house of commons.

Everybody in the Ruhr is waiting for something to turn up. The mere fact of a cabinet meeting being held in Berlin sets about rumors that Germany is about to break off diplomatic relations with France. This is immediately denied, but the rumor persists.

For the first time since the occupation began both sides are beginning to realize that the present situation can last longer than either side believed possible. The great Hocker dye works at Frankfurt are closing down this week as a result of the seizure of all except the medical section. There is serious dislocation of business in unoccupied Germany on account of the difficulty of transportation.

**FAILURE TO SETTLE RAIL DIFFERENCES CAUSE OF TROUBLE**

Washington, March 6.—Failure of some railroads to settle long standing differences with their shippers is responsible for inadequate transportation and interrupted coal deliveries, according to a letter written by President Harding to Stephen E. Connor, secretary of the federated shippers of the central of New Jersey, and made public at the White House today.

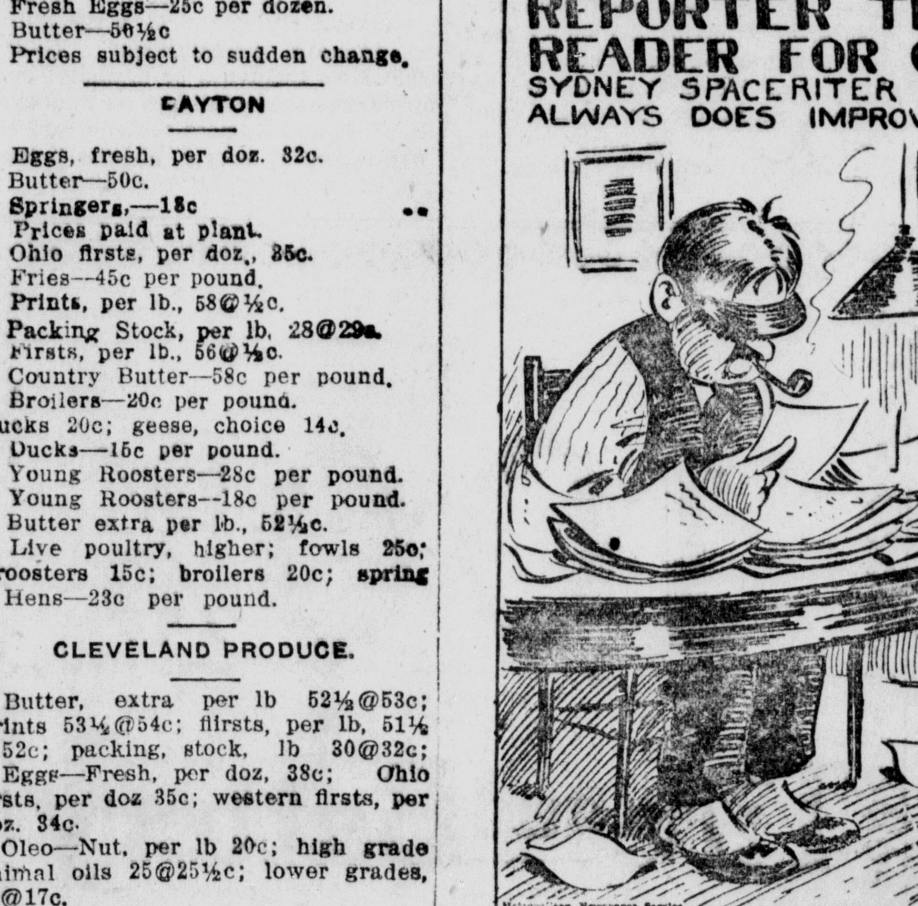

"It is occasion of intense regret," the president wrote, "that the settlement of the shipper strike which has been effected on the larger part of the railroad systems and mileage of the country, has not been found possible on all the rest. I do not find myself able to discern any adequate question of principle which justify

ed to win.

Monte Carlo, March 6.—Mrs. Mollie Buxted Mallory, woman tennis champion of America, today conceded victory to her arch rival, Miss Suzanne Lenglen, world's champion, in the projected meeting between the famous women of the courts on Thursday. In an interview with International News Service, Mrs. Mallory declared that she realized that she was not in condition to beat Suzanne at this time and hardly expected to win.

## YOUTHS ARRESTED— ALLEGED TO HAVE ROBBED HOUSES

Bartholomew Fisher, 16, of the Dayton and Xenia pike, Curtis Nash, 12 and Henry Kennett, 13, of Dayton, R. R. 16, were arrested by Sheriff Howard Webster of Montgomery County, Monday on charges of delinquency following the alleged theft of an automobile truck, and several alleged pillaging expeditions on the Dayton and Xenia pike Saturday and Sunday.

The youths are said to have robbed two houses stolen a truck, destroyed property in the Grange Hall on the Dayton pike near Zimmerman and conducted a reign of destruction in a vacant house on the Dayton and Xenia pike. The homes of John W. Rhodes, Kemp Road and A. S. Gum, R. R. 8, were both burglarized, it is said, and a revolver stolen from each, two watches taken from the Rhodes home and \$5 from the Gum home.

The youths disappeared from their homes Thursday but did not begin their alleged depredations until Saturday when the first report came in that they were shooting at children along the pike. They used the heavy roller off of a binder to destroy everything available in the vacant house. The auto truck was the property of Simon Gassett, of near Miamisburg, and was stolen when it was parked in front of his home. It was found abandoned on the Dayton and Xenia pike, standing in a mud hole.

The youths were to be brought before Juvenile Judge Roland W. Baggett in Dayton Tuesday afternoon. Kennett is said to have served a term in the Boys' Industrial School, Lancaster.

## 'IN INDIA' PORTRAYS LIFE OF GIRLS THERE

"In India," an operetta to be presented by the Central High School Girls' Glee Club, Friday evening at the Opera House, tells an interesting story of a girl's life in the village of India. Meerah, the most beautiful girl in the village is chosen to become a temple dancing-girl.

The chosen one must be an orphan and Meerah believes herself to be one.

During the day which is the festival day of Ahu, the flower-god, a beggar escapes from a passing procession of elephants bearing people from the hill countries. The beggar proves to be Meerah's mother and this renders Meerah ineligible.

There being now no other orphan in the village except the village school, How-Now, she is carried off to become a slave in the temple and the reunited mother and daughter join the maidens in celebrating the festival day of Ahu.

## LOCAL DELEGATES TO ATTEND MEETING

A number of members of the Xenia Business and Professional Women's Club, are making arrangements to attend the meeting of the State Executive Board with the delegates from the various state clubs, to be held at Cincinnati, Saturday and Sunday, March 10 and 11, at the Cincinnati Business Women's Club House.

An interesting two-day program has attracted the local women to the meeting, the following being included in the delegation, Miss Allegra Hawes, club president, Miss Ella Ambuhl, Miss Mary Gretsinger, Miss Nellie Fletcher, Miss Faye Ledbetter.

## INCENDIARISM HELD TO BE RESPONSIBLE

Painesville, O., March 6.—Lake county authorities were confronted by one more mysterious fire in a series of 18 blazes involving an estimated loss of \$500,000 to summer resort property in this district during the last month. Investigators can not understand the motive, but were agreed that incendiarism was responsible. The properties destroyed were unoccupied. The Oakwood club, a private estate four miles northeast of here, was destroyed by fire of unknown origin.

Mrs. H.:—"Please send me a recipe for Fruit Salad with Dressing. In return I am sending you this recipe: Beef Relish for Cold Meats:—One quart of beets cooked and chopped, one quart of chopped, raw cabbage, and 1 1/2 cups of sugar, one teaspoon of salt, one and one-fourth cups of vinegar. Mix together and serve. It is fine."

Answer:—Thank you for the recipe, Reader Friend. I am sure many of us will try it. Here is the one you want: Fruit Salad: Peel two oranges, cut away the white membranes as much as possible, and slice the firm part of the fruit into a bowl. Add two thinly sliced bananas and one generous bunch of white (Malaga) grapes, each grape halved, with seeds removed. Stir all together gently, and cover with Mayonnaise Dressing or with the Golden Dressing which was published in this column on January 31. (If you missed its appearance, buy a back copy of the paper containing it.)

Case:—"Two other girls and I are entertaining some friends next week and we cannot decide on what to

serve for refreshments. Will you please give suggestions in the next issue of your paper?"

Answer: You should have given me more time to reply—especially when not sending a stamped, self-addressed envelope for personal answer. You see, I receive dozens of letters from readers and they must be answered in turn for the sake of fairness.

But I will suggest, for another time, that Russian Chocolate with whipped cream on top, and chopped olive and wicks, and orange layer cake comprise an excellent refreshments combination (Russian chocolate is made by mixing together equal parts of made coffee and made cocoa. Or, if so much coffee will keep you awake at night, use two parts of cocoa to part of coffee.)

The result is delicious especially when topped with whipped cream. In summer it is iced and served in tall glasses, but in winter it is served hot.)

Mrs. H.:—"Please publish a recipe for fruit punch to make five gallons. I am soon to entertain 75 guests at a wedding anniversary and wish to know if just ice cream and three kinds of cake are sufficient refreshments?"

Answer: Fruit Punch: Buy six bottles of vichy, seltzer or any other charged water (like plain soda water). Turn the contents into a clean gallon pail so as to measure it, pouring from the pail into a larger container. Also buy six cans of sliced pineapple and cut the fruit small, turning the juice into the gallon pail. Cut one dozen peeled oranges small (using juice and pulp but discarding seeds) four grapefruit in the same way, one dozen bananas, and a can of strawberries. Chill with cracked ice and make up the remainder of the liquid by adding weak lemonade and clear water. Your taste will help you. Yes, the coffee and cake will be sufficient to serve.

Tomorrow—A Knitted Afghan for the Baby Carriage.

## MOVIE SUITS IN A HIGHER COURT

Columbus, March 6.—In an appeal filed in supreme court by W. K. Richards and Edgar B. Gilmore, Findlay motion picture show owners, asking review of an injunction suit they brought against the mayor and chief of police of Findlay to prevent them from closing the movies on Sunday, the court is asked to decide whether a motion picture show is "a theatrical or dramatic performance." Under Ohio laws theatrical or dramatic performances are prohibited on Sundays. Richards and Gilmore contend that an "exhibition of motion pictures" does not come under this prohibition.

### PLAYED STRIP POKER

Chicago, March 6.—Edward Zook, 40, had read about strip poker as a furious pastime of the idle rich, so he sat in a game with a group who initiated him into the intricacies of the game. At daylight two policemen spied Zook trudging the snowy pavements, barefooted and clothed in an old curtain. He explained he had lost money, clothing, etc., in a poker game. From the station he telephoned his wife, who hastened with clothing.

## A PURITAN WIFE

By Jane Phelps

### Chapter 25

Grace would at times interest them by tales of the Motion Picture Colony at Hollywood, where she declared she was going to live when the next picture was taken. She told them of the gay times the actors and actresses had and regaled them with bits of scandal until Ann's green eyes big and, almost unbelieving, she said:

"I don't see how they can be so gay and work at pictures all day." "You couldn't Ann! But Dick and I could, couldn't we, Dick?" Yet often when Grace came home from the lot at night she would be weary, lecherous Kellogg worked her to death. And she continually found fault with Miss Stanton, the star of the picture. "I expect you'll be the same when you are the star," Dick laughed. "You aren't particularly meek you know."

Gay as Ann naturally was she never could join in this passing of repartee, so sat silent. She was particularly sensitive when anything bordered upon lack of good taste, and Grace continually offended.

Often Hugh Norton dropped in after dinner and joined them on the porch. Ann was invariably delighted to see him. He made her join in the conversation, which he subtly directed, and she felt less forlorn. That he sensed her unhappiness she never dreamed, so was her old natural self as they discussed some late book, or talked of other interesting subjects.

Ann had kept up her reading, laughingly declaring that books were her only extravagance. Grace cared nothing for books, save those so widely advertised she had to read them in self-defense. For this reason she was rather out of it when book discussions went on and would flit about and either ask Dick to take a walk in the moonlight, or declare she was tired and was going to bed.

Only once did Hugh make a derogatory remark concerning her. Said he: "Grace is a gay creature, but shall we as they make them," then had gone right on talking, giving neither Dick nor Ann opportunity to answer.

Hugh watched Ann closely, noted the pain in her eyes when Grace carried Dick off to walk with her, complaining there was nothing else to do on a ranch; also noting the happy expression when he begged off, and Grace left the three of them sitting alone.

The picture was nearly finished, would have been but for the trouble they had had, necessitating the

shooting of many of the scenes over. Ann had gone once more to the lot, this time with Bessie, who had brought her Chink over to mind little Jack. She had been interested in all she saw, especially in Miss Stanton, the star.

Mr. Kellogg had observed her and Bessie, called Miss Stanton and introduced them, saying:

"Here's a little lady who could play your part, Miss Stanton, if she wasn't already playing the part of wife and mother."

"A much happier part, I am sure," Miss Stanton said as she shook hands. Then she had lingered to talk with them.

Claire Stanton was quite a different type than Ann had pictured a movie actress to be, both from her reading and from Grace's talk. She was a refined, lovely girl. Nothing the least bit coarse or common about her. She was a girl who would appear to advantage in any society.

Both Ann and Bessie were delighted with her and said so to Grace. "She's a namby-pamby sort, no get up to her at all!" Grace replied.

"She can't be so namby-pamby or she wouldn't be the star of the picture," Bessie returned with some heat. "Mr. Kellogg doesn't strike me as the type of man who would select a girl for that position unless she was qualified."

"Pull, my dear, innocent Bess!"

Later they had talked with Mr. Kellogg again. As they were about to leave they passed him and he stopped them, saying pleasantly he hoped they had enjoyed themselves. "We were delighted with Miss Stanton," Ann said.

"She is a charming girl," he returned, "a hard worker. She will go far as an actress because behind it she has education, refinement and more real grit than any girl I have featured."

"I knew it! Grace is jealous of her!" Bessie declared. And when Grace joined them she repeated what Kellogg had said.

"Oh, well, let him rave! He's more than half in love with her and everyone on the lot knows it."

Bessie laughed at her for being jealous, and the incident passed, but Ann had changed her mind about movie actresses—an opinion that she had formed mostly because of Grace's chatter.

"I guess there are nice refined people in every line of work," she afterward said to Bessie. "We never know the inside of things, why people do certain things, take up work that seems foreign to them. I expect we would often be astonished if we knew more of those we happen to meet casually."

"Yes," Bessie returned, "I never could imagine you as a school ma'am. You are altogether too full of fun and too good looking."

## NAVY SECRETARY WILL WITNESS SEA WAR GAMES

Denby and Official Party  
On Way to Panama on  
U. S. Transport

## MANY SHIPS CONTEST

Several Hundred Vessels of  
All Kinds Will Take Part  
In Maneuvers

Abroad the U. S. S. Henderson, En Route to Panama, March 6.—The navy transport Henderson, with the official fleet inspection party, headed by Secretary of the Navy Denby, aboard steamed down the lower Chesapeake Bay today, on the first lap of the trip to Panama to witness the Atlantic-Pacific maneuvers.

Scarcely had the sun arisen than there was great activity aboard the big gray vessel, which, during the war, carried safely thousands of American marines, sailors and soldiers across the submarine-menaced Atlantic.

Denby was among the first of the party to arise. He was up promenade the decks, watching the "gobs" in early morning exercises, long before the other members of the delegation of high navy officers, senators, representatives and newspaper correspondents.

Eighty four persons are in the inspection party, eight senators, 35 representatives, 12 ranking officers of the navy, headed by Rear Admiral R. E. Conz, chief of operations and director of the "war games," and 29 correspondents and movie cameramen.

This evening the vessel will turn south into the open stretches of the Atlantic for Port Au Prince, Haiti, which will be reached some time Friday.

The stay there will be only long enough to permit landing of a small detachment of marines.

The next stop will be Colon, at the Atlantic end of the Panama Canal then to Balboa, arriving March 14.

From Balboa the party will be distributed among battleships, cruisers and destroyers to witness the extensive war games and target practice, and the shelling of the radio controlled battleship Iowa. The Iowa will be fired upon by the Mississippi, one of Uncle Sam's finest fighting craft.

Final plans for the war games in Panama Bay, the most comprehensive ever attempted by the Navy Department, were discussed at an executive session of the navy's board of strategy on the Henderson today.

The combined fleet of several hundred of all sizes and descriptions, augmented by seaplanes, will be divided into two groups, one attacking, the other defending. An attempt also will be made to capture the Panama Canal, to test the fortifications just completed there. There include several new long range coast guns, never yet tried in actual defense of the canal.

## FISHERMAN'S BILL MAY RECEIVE VETO

Columbus, March 6.—Governor Donahy today announced he has vetoed the Atwood fishermen's license bill.

Columbus, March 6.—Governor Donahy has signed the "padlock" bill, giving courts authority to declare a place where liquor has been sold as a nuisance, and to order it locked up for a year.

The governor did not sign the Atwood-Spindel fisherman's license bill, providing for a fee of fifty cents a year to fish in Ohio waters. Legislative leaders are apprehensive that he will veto the measure.

## CINCINNATI'S CITY HALL IS FIRE TRAP

Cincinnati, March 6.—That the Cincinnati city hall is a fire trap, especially in view of the large quantity of confiscated liquor stored there, is the report of Fire Investigators submitted to Mayor George P. Carroll.

Since the dedication of the great stone structure 30 years ago, almost every sort of junk has been allowed to accumulate in the storage rooms. Bedding not used since the 1913 flood, long forgotten documents, enough confiscated stills to fill a brass foundry and similar things are stored in the building.

## PURCHASE ATHLETIC FIELD

Cincinnati, March 6.—Hughes High School here is to have an 11-acre athletic field, alumni having purchased a tract in Clifton Heights for the purpose. Provision for a number of athletic sports will be made. The name of the site will be Coy field, in honor of the late E. W. Coy, for years principal of the historic high school.

## HALF MILLION IN LIQUORS SEIZED

Philadelphia, March 6.—Half a million dollars worth of confiscated liquors are today in custody of the prohibition authorities here as the result of a series of raids directed by Frederick A. Hazeltine, newly appointed prohibition enforcement director for Eastern Pennsylvania.

The largest seizure was made at the bottling plant of Johan Friedrich, where two freight cars on a private spur track yielded 4,000 sacks, each sack containing 24 bottles of supposed Johnny Walker Scotch. All were marked "for export only."

Several thousand counterfeit stamps and labels also are said to have been seized, bearing his markings as "aged in the wood" and other phrases.

## HIS LAST WATCH GONE MAN TWICE VICTIM OF THIEVES TELLS WORLD

Columbus, March 6.—It will be a fruitless visit if watch thieves make third trip to Fred Hoffman's home. Fred has published this fact "to the world."

Thieves stole a \$15 watch and \$1.50 in cash three weeks ago. Last night Fred's home was robbed of another \$15 watch and \$7 in money.

"That was my last watch. I thought I'd tell you so you could inform the boys they need not call again," Fred told the police.

## EARLY ADJOURNMENT OF LEGISLATURE IS FORECAST TUESDAY

Committees Will Pass on  
Bills That Will Come  
Before Lawmakers

Columbus, March 6.—Starting today, the House rules committee will serve as the steering committee and only such bills and resolutions as it may recommend will reach a vote on the question of passage in the lower legislative chamber. This change in procedure is interpreted as indicating legislative leaders contemplate early adjournment.

Within the next week it is expected the big appropriation bills will be introduced and the Taft taxation measure and the gasoline tax bill either passed or defeated. Then, it is probable a two weeks' recess will be taken.

Reconsidering the vote by which it defeated the bill providing for licensing confectioneries, the House re-committed the measure to the dairy and food committee for amendment. The House, also, passed the bill, by Representative Dearmond, Butler County, providing for the repeal of the law requiring insurance companies to deposit \$50,000 in the state before they can transact business in Ohio or any other state. Representative Dearmond said that, because of the present law, liability companies organized in Ohio must deposit \$50,000 in every other state in which they operate.

A modified single tax program has been proposed to Governor Donahy and legislators by E. W. Doty, Cleveland, former member of the state utilities commission, as a solution of Ohio's tax problems.

The Cole bill, authorizing county auditors to publish annually a list of all property exempt from taxation, including church property and property used for charitable purposes, which passed the House, has been killed by the Senate taxation committee. This committee fixed next Wednesday night for a hearing on the income tax bill introduced by Senator Burke, Lorain County, and recommended passage of the Taft bills authorizing county auditors to certify to the State Tax Commission lists of tax exempt property, and creating special assessment districts in cities for public improvement and authorizing assessment of one half of the cost of public improvements on property to be benefitted by the improvement.

LAKE HAS FIRE DEPARTMENT.  
Newark, O., March 6.—A fire department was formally organized at Buckeye Lake last night on the five dollars a cottage basis, and there was over \$1,000 raised with which to buy five chemical fire engines. Elmer Nell was elected president; T. Rhodes, secretary, and A. J. Weaver, treasurer. This step is taken after three disastrous fires occurred in the past year.

## Bride Receives Jewels Rivaling Those Of Queen

New York, March 6.—Jewels rivaling the crown gems of many European kingdoms were worn by Miss Gloria Morgan when she became the bride of Reginald C. Vanderbilt at noon here today.

## DOPE SMUGGLED INTO AMERICA REPORT SHOWS

Most of Quantity of Drugs  
Sold Illegally is Imported

Washington, March 6.—Preliminary investigations of the Federal Narcotics Control Board into the volume of habit-forming drugs legitimately used in the United States indicate that most of the dope sold illegally is smuggled into the country. H. A. Hayward, secretary of the board announced today.

Reports are being received from the handful of manufacturers in the United States which produce the long list of narcotics from cocoa leaves and opium, in order to determine restrictions to be placed upon importation.

Officials of the board said manufacturers are co-operating with the government and that within a few weeks all reports will be available. A decision as to the narcotic importation will then be made.

A number of applications for importation of opium have been held up by the narcotic board pending further investigation.

Under the law, only opium and coca leaves—raw materials from which narcotics are produced—may be imported to the United States.

Opium is imported principally from Turkey, Asia Minor and Greece. A considerable amount comes via London. The coca leaves are imported from Java and Peru. These leaves are used in the manufacture of many popular soft drinks, after a deocanizing process.

"It should be explained that the soft drinks contain no trace of habit forming drugs," Hayward pointed out. "The soft drink is a bi-product of the coca leaf after extraction of the drug."

## CONFUSION HALTS AMERICAN TRADE

Washington, March 6.—General confusion, resulting from occupation of the Ruhr valley by the French, is believed by Secretary of Commerce Hoover to be chiefly responsible for interference with American shipments of goods in and out of the occupied area.

In making this statement today, Hoover said many complaints have been filed with the state department and the department of commerce, against being held up. He added, however, that the French export tax, repudiated by the Germans, also has a bearing on the interference with commerce.

## TWO STEAMSHIPS AGROUND IN BAY

Pensacola, Fla., March 6.—The U. S. S. Langley, a plane carrier, and the steamship LaBette, from New York, today went aground in the bay here, both having run into soft mud during a heavy fog. Tugs are standing by each vessel, hoping to float them at flood tide today.

"The Langley was returning from experimental maneuvers in the Gulf when she went aground. Experiments in launching and landing planes were being conducted when the fog forced abandonment of the program."

## FEAR AMERICAN AVIATOR LOST

Capt. Theodore Tilton, army officer and civilian pilot, well known in the East, is missing, with a male passenger, at sea, off the Florida coast, with a seaplane in which they were returning to Miami from the island of Bimini.

## UPHOLD VALIDITY OF HOME RULE IN OHIO CITY CHARTER

State Supreme Court Hands  
Down Decision on the  
Question

Columbus, March 6.—Validity of the amendment to the home rule charter of Cleveland, adopted at the November election, 1921 was upheld today by the State Supreme Court. The opinion, written by Judge Florence Allen, relates to the cases of George D. Hille and William Reutener versus the city of Cleveland and Fred Kohler, mayor of Cleveland.

The plaintiffs had attacked the constitutionality of the amendment which provides for the city manager plan of government and the Hare system of proportional representation in voting, and other changes in the city charter.

The court held that the amendment does not violate either the state or federal constitutions. The Hare system provides for voting by wards, each ward being entitled to from five to nine councilmen. Each elector in each ward is entitled to vote as many choices as there are members of the council to be elected but no voter is entitled to vote more than one first choice.

## SPEEDERS TO FACE LOSS OF MACHINES

Cleveland, March 6.—A policy of impounding the autos of convicted speeders was to be in effect in Cleveland from today.

Judge Samuel H. Silbert, in announcing the new plan said that he proposed it as a substitute for jail sentences and believed that it would prove more effective. Speeders will be given the choice of stiff workhouse sentences or loss of their machines for periods of from one to three months.

## SEEK INDICTMENT OF DRY OFFICIALS

Cleveland, March 6.—Indictments against twenty or more officials connected with dry law enforcement in Cuyahoga county will be sought by Prosecuting Attorney Edward C. Stanton this week, he announced today, as his probe of conditions nears its close.

The prosecutor said that he had prima facie evidences of graft and corruption against many suburban officials.

## K. OF C. TO GUARD CATHOLIC CHURCHES

Montreal, Que., March 6.—The Quebec Knights of Columbus today offered their services to the provincial government to protect church property.

Many Catholic churches have been burned recently and the confagurations were attributed to the Ku Klux Klan, although officials of the organization in Atlanta Ga., denied it was responsible.

## SEEK RELEASE OF WOMAN WITNESS

New York, March 6.—Another move to secure the release of Mrs. Anna Buzzi, held in \$25,000 bail as a material witness in connection with the mysterious slaying of Frederick Schneider, wealthy contractor, was taken today when her counsel, James F. Donnelly, obtained from the appellate division of the Supreme Court a writ of habeas corpus for the release of his client from jail. The writ is returnable Friday.

Donnelly declared that he had unearthed new information, secured by private detectives he employed, which conclusively prove that Mrs. Buzzi had nothing to do with the murder. New witnesses will establish, Donnelly said, that the woman seen on the evening of the killing coming from the direction of the automobile in the Classon's point section wore clothing of a sort that Mrs. Buzzi never owned.

## INVESTIGATION OF BLACK HOODS NOW UNDER WAY

Many Witnesses Summoned  
In Probe of Alleged  
Crimes in South

Court House, Bastrop, La., March 6.—Mayor Robert L. Dade, of Mer Rouge was the first witness called before the grand jury here this morning in its investigation into the black hood crimes of Morehouse parish.

Mayor Dade at the open hearing confessed being a member of the Ku Klux Klan at one time but said he withdrew membership when he "saw how things were going." He told of taking part in a series of raids with the hooded bands and named several of the masked men who were implicated in a "hold up" near Mer Rouge.

Bastrop, La., March 6.—Actual grand jury investigation of crimes charged to the "black hoods" got under way today. Scores of witnesses have been summoned.

A. V. Coco, attorney general of Louisiana, is preparing the evidence for presentation to the jury.

Judge Fred M. Odom delivered a special charge to the grand jury. He demanded a complete investigation. He referred to the Ku Klux Klan and said: "Whether that organization is responsible for these outrages or not does not concern you. You are not here to unmask the klansmen or to disrupt the Ku Klux Klan as an organization. You are here to indict criminals, without regard to their affiliations."

"Hooded mobs" have never helped the courts, Judge Odom said. He continued: "It can not be said for these parties that they acted only after the courts had failed. They have not given the courts a chance. They usurped the functions of the courts altogether. They have pursued a course which, if persisted in, would destroy our government."

Six of the jurymen are alleged klansmen, but all declared they would pass unbiased judgment.

Small crowds clustered about the courthouse. There was no disorder. In the crowds were several persons whose names were mentioned in connection with the slaying of Watt Daniel and T. F. Richards when the open hearing was held two months ago. Daniel and Richards were said to have been slain by the "black hood" mob.

When Judge Odom delivered his charge the courtroom was crowded. The judge's rigid stand came as a surprise. It was the first time he had openly expressed himself.

Most of the witnesses to come before the grand jury appeared at the open hearings, but Attorney General Coco said the state expects to have some new evidence. Should the grand jury fail to return indictments, the attorney general indicated he would file charges on information bills immediately after the grand jury is adjourned. The grand jury is expected to remain in session two or three weeks.

## ATHLETIC GIRL LANDS LUSTY WALLOP ON JAW AND BANDIT GIVES UP

Cincinnati, March 6.—A lusty wallop on the jaw was the reply of an athletic girl last night when a bandit, armed with a short length of lead pipe, demanded her purse. Miss Maxine Barker, 20 years old, of 831 Poplar Street was returning from Woodward High school, where she had attended a class in physical training when the bandit accosted her. As he stepped from a shadow and brandished his weapon, the girl squared away, drew back in proper style and dealt him a blow that sent him reeling against a fence. The stranger fled.

## WOMAN SUICIDES BY DROWNING IN GRAVEL PIT POND

Mrs. Thomas Adams, 62, of  
Stringtown, Found Dead  
Near Home

Alighting from a taxi near her home after being away for six months Mrs. Thomas Adams, 62, of Stringtown, about 14 miles from Xenia, walked into a nearby woods, and drowned herself in a gravel pit pond Monday afternoon at one o'clock.

The body was found floating on the water shortly after she started through the woods by her husband, and William Wike, Xenia taxi driver, who took her luggage to the house. Dr. C. E. Ream of Bowersville was called but efforts to resuscitate her were in vain. Dr. R. L. Haines, county coroner, of Paintersville, who was called shortly afterward said the body had been in the water 20 minutes. He pronounced death due to suicide by drowning.

Temporary insanity is believed to have been cause for the suicide, according to Coroner Haines who said Mrs. Adams had told him last summer on the eve of a trip to visit her daughter in Schenectady, N. Y., that she would not return alive. She had left home last September and since had been visiting her daughter, Miss Blanche Adams, a diamond dealer at Schenectady.

Returning to her home, Mrs. Adams arrived in Xenia Monday morning and retained William Wike, taxi operator to take her home. At the farm next to hers she said she would alight and call on some woman there, asking the taxi driver to take her luggage home. When informed of her request by Wike, her husband said no women lived on the adjoining farm and began a search of the neighborhood. The discovery was made shortly afterward.

Mr. Adams had been anticipating her return and had prepared a chicken for her. Mrs. Adams had been ill all last summer, and Dr. Haines who was her attending physician, said she had mental trouble. Her suicide is the fourth in her immediate family. A brother shot himself, one sister drowned herself in a well and another sister took poison.

Surviving Mrs. Adams is her husband, a prominent farmer of that neighborhood, and two daughters, Miss Blanche of Schenectady and Mrs. Louis Gordon of Columbus.

## WILL CALL RADIO CONFERENCE SOON

Washington, March 6.—Radio authorities of the U. S. will be called in conference in the near future, to seek a solution of "interference" and other problems of broadcasting and receiving, Secretary of Commerce Hoover announced today.

## Atlantic Coast Covered With Blanket Of Snow

Washington, March 6.—By nightfall the entire Atlantic coast from Washington north to the Canadian border will be blanketed in snow, according to the predictions of a U. S. Weather Bureau forecaster today, following their preliminary observations.

Forecasters characterized the acute change in the weather as "a very sudden development." The snow flurry which is passing over the East today, they said, was caused by a storm which started late yesterday over New Mexico and set in, simultaneously over a wide area extending from St. Joseph, Mo., to Washington.

## CHANCELLOR OF GERMANY SAYS STEP NECESSARY

## INVADERS ADVANCE

Two More Cities Are Seized  
By France—Russia  
Aiding Germany

Berlin, March 6.—In a speech inviting Ruhr intervention by an outside power, Chancellor Wilhelm Cuno today told the special session of the reichstag that "Germany will not capitulate."

"Germany will not sign a treaty that cannot be fulfilled," continued Cuno. "We want only an honorable peace."

Chancellor Cuno said he did not believe there was a possibility of intervention right away.

"Passive resistance by the Germans continues," he added.

Germany will not open negotiations with France or a settlement of the Ruhr problem, until that district is evacuated by the French and Belgian armies, Chancellor Wilhelm Cuno announced this afternoon in the special session of the Reichstag. Chancellor Cuno virtually invited intervention in the Ruhr by an outside power.

"We would not refuse intervention by a third power," said the chancellor.

It was generally believed that he was referring to the United States.

The chancellor continued: "Germany is ready to negotiate but we must negotiate as an equal. Evacuation of the Ruhr by the armies of occupation is necessary before the negotiations can begin."

## MOVES FOR MEDIATION

London, March 6.—Formal motion for mediation in the Ruhr was made in the House of Commons this afternoon by Ramsay MacDonald, laborite chief and leader of the opposition on the floor.

MacDonald moved that the French and Belgian chambers of deputies be invited to co-operate with the British parliament to settle the Ruhr issue between France and Germany.

Cincinnati, March 6.—Trapped by a woman, according to police, Russell Morgan, alias Jack Reynolds of Dayton Ohio, 34 years old race horse owner is under arrest here. He is alleged to be wanted in Dayton on a charge of having obtained \$12,000 under false pretenses.

Mrs. Madeline Corby, Dayton widow formerly of Detroit, Mich., told police before Morgan's arrest this morning that almost \$2,000 of her money had been recovered.

## STATE ACCOUNTANT EXAMINING BOOKS AT CITY BUILDING

For the first time since 1920, Xenia city books are being examined by examiners from the State Auditor's office.

J. D. Breese, state examiner, and H. W. Prillman, his assistant, are conducting the examination of the city records and finance and will be engaged in the work here several weeks.

The last examination of the city books was made in 1920 near the close of the regime of former City Manager Kenyon Riddle and was in charge of W. H. Lippincott, who afterward was an applicant for the position of city manager here.

The examination now begun will also include the books of the municipal water department, and will be the first time the books of that department have been examined since the city took over the water plant. Formerly the books of municipal utilities were not examined by the city examiners, but by separate force of auditors, but this work is now combined and will keep the examiners here several weeks.

## SPRINGFIELD KLAN CASE POSTPONED

Springfield, O., March 6.—Post-

ponement until next week at least of the case of W. M. Cortner, alleged kliegale and organizer of the Springfield Ku Klux Klan, charged with riotous conspiracy, was announced today by Police Judge Davis. The delay, Judge Davis explained, is caused by the death of his infant nephew.

Attorney J. B. Malone, special counsel for the prosecution, said today that "the matter now is in the hands of the court and we feel confident that the motions of the defense to dismiss the defendant and return the evidence are not well taken."

Attorney J. F. Anderson, representing Cortner, expressed belief that the state had not built up a proper case for indictment of Cortner by a grand jury.

## PUBLIC OPINION AND THE RUHR.

No greater service can be rendered the cause of peace at the present moment than by the maintenance of an open and quiet mind, when the cabled stories from and about the Ruhr are read. A very distinguished commentator on European political and military affairs announced, without hesitation or qualification, that war was inevitable because of the French effort to enforce in the Ruhr region the provisions of the Versailles Treaty. Other observers seek to terrify the world with the assertion that if France does not abandon its effort to get from Stinnes, Thyssen and Krupps some portion of the money which they are storing away at the expense of the German people, the debtor nation will turn to Bolshevism, and the frontier of Europe against revolution will be moved as far east as Poland. Still others think they see British neutrality turning gradually toward sympathy with Germany, and an inclination to help that Nation lest British trade be endangered by its entire disorganization. Optimists in numbers are reaching the conclusion that, after all, big business, not international politics, is involved, and the logical outcome of the situation is going to be a combination between German captains of industry and French captains of industry for the purpose of dominating the steel and coal interests of all Europe. The situation offers a pretty field for speculation and political and economic philosophers who have access to the columns of newspapers are expressing a multitude of divergent views, each with dogmatic certainty, and all differing wholly among themselves.

## SEEN THROUGH "WET" EYES.

An avowed "Wet," Jack O'Donnel, writes in Collier's Weekly: The great mid-west is joining hands with the far west and the south in the movement to make America bone dry. . . The Eighteenth Amendment is an accepted fact almost everywhere west of Wisconsin, Minnesota, Oklahoma, Arkansas, Tennessee and other states that I have visited in the last few months are dry—the sentiment is dry, and there is a growing respect for the Volstead Act. None of these states is bone dry as yet, but they are on their way.

I was loath to admit it even to myself, but there is an abundance of evidence that a great "dry wave" is rolling eastward, slowly but surely grinding down opposition to prohibition. And riding the crest of this wave, are the clean, substantial citizens of the Nation—the John Smiths and the Tom Browns—and, always, their wives and sisters and mothers are riding at their sides.

Some day we wets are going to awaken to find that an overwhelming majority of the people of the United States are weary of bootleggers and dry law violators. Some day, and that day is not far distant, these people are going to rid the country of the bootlegger and the hum runner just as the Vigilantes of the fifties rid the California mining camps of undesirable gamblers and gunmen.

## OUR NEW CABINET MEMBERS.

The announcement at the White House of the appointment of Hubert Work to be Secretary of the Interior and Harry S. New to be Postmaster General confirmed the rumors and expectations that have been current ever since the resignation of Secretary Fall was placed in the hands of the President.

The appointment of Mr. New, whose terms as United States Senator from Indiana expired on March 4, was, as was that of Harry M. Daugherty to the post of Attorney-General, a personal one and is another evidence of the persistent loyalty of President Harding to those who enjoy his friendship. It is known that the President is not only a devoted friend of Mr. New, but that he esteems his abilities and character highly.

Mr. New has been a journalist and a business man and has served on important committees since coming to the Senate. The opposition to him from Indiana was due purely to factional troubles in the Republican party and evidently did not weigh with the President as strongly as his inclination to appoint him and his regard for his good qualities. His nomination was immediately confirmed by the Senate.

Mr. Work, who will leave the Postoffice Department after being its head for a little less than a year, to take charge of the varied and manifold duties of the Interior Department, has had no official experience other than that in the Postoffice Department but had been very active in Republican politics in Colorado. He is a doctor of medicine and has been president of the American Medical Association.

## VALUE OF SERVICES.

Suppose transportation service, telephones, street cars, electric lights, gas, were suddenly to disappear! No disaster could be worse!

Boston, Denver and Chicago, with only their street car facilities suspended, lost 50 per cent of their trade and 75 per cent of their labor and wages.

Contrast with these gloomy facts the health, happiness and comfort that depend upon your public utility service.

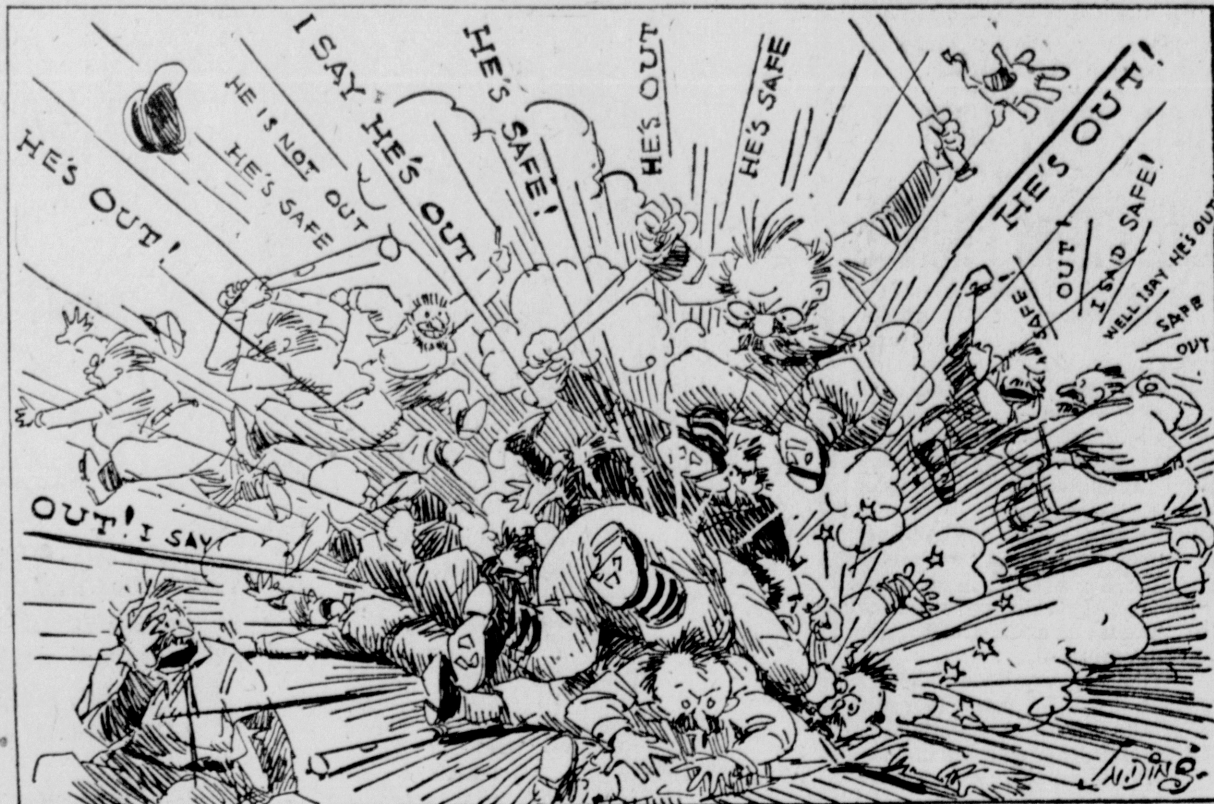

You press a button and light instantly illuminates your house. You pick up a telephone receiver and your place of business or your home immediately replies. Turn a lever and gas at once is ready to cook the evening meal. Board a street car and, carried by some invisible power, you reach your destination.

New York can talk with San Francisco. A roomful of people in New Orleans can hear the symphony orchestra in Minneapolis. The utmost parts of the earth are in touch with our daily press. There is not a moment of our lives, sleeping or walking, that is not made richer in possibilities, because men of genius and vision have delved into the secrets of electricity and kindred sources and have placed them right at our hand, ready, powerful, cheap.

## 1903--Twenty Years Ago--1923

The Greene county election board held a lengthy session last night and the question of dividing the wards into voting precincts upon which there has been a dead lock for some days, was taken up and the work accomplished.

Mr. L. L. Luft, superintendent of the People's Gas and Electric Light Company has tendered his resignation to take effect March 15th. Mr. Luft has been in charge of the old Xenia Electric Light Co., for years, coming to this city when the plant was installed and when it merged into the gas company he was made superintendent of both.

The big basketball game between the High School and Cedarville College, at the Y. M. C. A. Club last night, resulted in Xenia's victory, the final score being 26 to 14 in favor of the High School. The Xenia boys all played well, especially Kelly, who had his eye on the basket in great shape.

The name of Jacob Kany is today presented to the voters of the city as a candidate for re-election to the Xenia City School board.

## ANSWERED LETTERS.

Jane H.: You can massage this extra weight from the hips, or take special exercises for all the muscles of the abdomen and back. The rotary exercises, where you bend at the waist and then describe a circle to the right and then to the left, will bring all the muscles of the hips into action.

Another set of exercises are those where you bend at the waist and touch the floor with the fingers without breaking at the knees.

With auburn hair, gray eyes and fair skin, your best choice in colors will be green, all shades of brown, cream and rose color.

George M.: A skin that persists in being sallow, even though you are bleaching it, shows that the liver or the organs of elimination are at fault. You can do much to improve this condition by a proper choice of foods, or have the doctor prescribe for you. Grape fruit or oranges at your breakfast, spinach or any other green vegetables with your dinner will help much. When bleaching the skin with lemon all that is needed is to rub the juice into the pores and let it remain for a time. Remove with warm water and massage into the skin either a fine oil or a cream, as the skin has been temporarily deprived of the natural secretions and will be left irritated unless treated in this way.

The cucumber bleach that you mention contains all the ingredients needed for both bleaching and soothing the skin. I will be glad to mail you formula for it if you wish. If you do send a s. a. e. along with your request.

Youth:—Your skin will continue to improve, as you have learned just what agrees with it. Never use any soap on it unless it is one made from vegetable oils, such as the old fashioned castile, or some other olive oil soap.

## FOR ITCHING TORTURE

### Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation, and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, Itch, Pimples, Rash, Blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It is positively safe for tender, sensitive skins.

All questions asked by our readers will be answered in this column. Medical and legal subjects are barred. Address all queries to "Information," this paper.

Inquisitive—The Chinese language is spoken by 400,000,000 people.

Musician—We know that there has been a typewriter invented that will print music, and that it's inventor is a clergyman, but must confess that as yet we have heard of no practical result of the idea.

Twirly—The first street to be lit by gas light was Pall Mall, in London, on January 28, 1807.

Question Asker—The discovery of America, according to documents found at Genoa, cost just about \$5,000 to \$6,000.

Harriet L.—The exact cause of the roar of a waterfall is the bursting of millions of air bubbles with the impact of the drop.

Reader—Fuller's earth was discovered in Florida in 1893 through mere accident. An effort was made to burn brick on the property of the Owl Cigar Co., near Quincy; the effort failed, out an employee of the company called attention to the "close resemblance of the clay used to the German fuller's earth. Florida is now the leading state in its production.

## Today's Talk

**THE PELICAN**

I stood on the shore of the ocean recently and watched a lone pelican perch upon a post that was out from the shore.

The friend at my side asked me if I knew the story of this particular pelican, and I replied that I did not. Then I was told that one day this bird and his mate were both perched upon that same post when a shot rang out—and the mate fell.

That happened three years ago. But to the same post day after day comes this faithful pelican to see if his mate would return to him perhaps—or because his thoughts run to the associations of happier days.

We have few associations that continue.

Life is a moving drama—to many just a mysterious dream.

Often we go back to other days to see if our mate isn't there—or to see if we cannot warm the atmosphere of dead days so that they will shine happiness and beauty into our hearts once again.

And there is a certain compensation in this pilgrimage into the past. But the fullness of our efforts must be ahead, not behind.

Life is a gathering force, like a snowball that the small boy rolls to great size and is thrilled by.

And through these little lives of ours may some day melt away like that same snowball, still there will remain results of our efforts that are sure to be absorbed into the permanence of time in the shape of love and influence.

The lone pelican returns day after day to his post by the shore where he lost his mate.

Magnificent yachts pass by, unnoticing. Bathers come throughout the year and pay no attention, except occasionally to snap pictures of the bird.

Even the sea shows little concern—at times it even grows mad and lashes the place where this lover of the waters is wont to perch.

And so to our past loves and hopes and ashen resolves, the world gives little note.

It is quite enough if we do our best in the best way that we know, and keep our tears for the lone hours—sharing our joys with the romping world beside us.

## KEEP LOOKING YOUNG

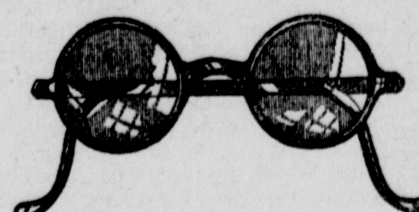

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 15c and 50c.

## TROY WOMAN SENT TO PRISON AFTER TRIAL IN DAYTON

Three Greene County men were in the federal jury in U. S. district court, Dayton, Monday that found Mrs. Iva Sidermiller, of Troy, guilty of sending obscene letters and postcards through the mail, for which she was indicted by the federal grand jury some time ago.

The case was heard before Federal Judge John E. Sater, who sentenced the woman to serve three years in the Jefferson City penitentiary in Missouri. The three Greene County members of the jury that convicted the woman were Elmer Fisher, of this city; W. B. Bryson, of near Xenia; and Towne Carlisle of Yellow Springs.

The verdict was returned 45 minutes after the jury retired and sentence was imposed immediately. The woman denied her guilt to the last although she had previously entered a plea of guilty but had changed it after she had been found sane in Montgomery County Probate Court.

The specific charge was sending two letters and 11 post cards containing obscene matter through the mails to neighbors and Judge Sater characterized the case as the filthiest ever aired in his court. Women were ordered from the court room shortly after the proceedings opened. The Jefferson City Penitentiary is the woman's division of the federal penitentiary at Leavenworth, Kansas.

## DEBT DEADLOCK ON EXPENSES UNBROKEN

Paris, March 6.—After three hours of discussion the allies maintained their refusal to pay America's expenses for occupation of Germany from the reparations fund.

It is now certain that the present conference can only have a "theoretical result," and not even that unless the present deadlock is broken. America's demand for \$250,000,000 for the expenses of its army of occupation is met with the suggestion that instead of cash the United States accept payment in dyes, charcoal or other goods, which at the present rate of production would take 40 or 50 years even if Germany was willing to supply them.

Another adjournment of the conference was taken until Saturday. Elliot Wadsworth, assistant secretary of the treasury, the American delegate, said: "I certainly am having a nice vacation."

## SIGHTLESS STUDENT SEES WITH CHEEKS

Evansville, Ill., March 6.—Sightless, but with the nerves of his cheeks so acutely sensitized as to guide himself almost unerringly, Carl Bostrom has chosen journalism as a career. Bostrom is a student in the college of liberal arts at Northwestern university. "My blindness is no handicap," he said. "I am able to go about briskly."

Bostrom, while explaining his peculiar "sight," acted as guide about the campus, with its 50 acres of buildings, its winding walks. "Each building," he continued, "has an atmospheric aura all its own. I know them and am able to distinguish them by their peculiar influences on the air about them, just as you recognize them by the light rays which emanate from them. The air near the lake is humid, and thus I am able to get my directions without troubling anyone. Stone buildings impart a different 'feel' to the air than bricks or wood. Thus I know when I am near a door, whether it is open or closed."

## HEAVY FIGHTING IS REPORTED IN DUBLIN

Dublin, March 6.—There was heavy fighting with machine guns in Dublin between Free State and irregular forces. One civilian was shot and there were numerous other casualties which have not yet been checked up. In a fight at Cahircive, in County Kerry, three Free Staters and two irregulars were killed. One important rebel leader was captured by the government forces.

## ALL-STAR TEAMS

By Leroy Wones

The Gazette and Republican hereby present their mythical all-star southwestern Ohio basketball teams, picked from the divisional tournaments at Miami University, Oxford, last Friday and Saturday.

The selections are made after careful consideration of all points, personal observation of the player and conferences with coaches and officials at the tourney, in which their opinions were obtained. These papers believe the all southwestern team could handle any high school basketball aggregation in the state after a little practice.

Steele, High, one of the winners of the meet, gets the most positions on the first team with two, while Hamilton, Stivers and Norwood each claim one position. Norwood has two positions on the second team. Stivers, Steele and Hamilton one each. Le-Sourd and Captain Currie of Xenia Central are given honorable mention among players although their team was not a real contender in the race. In faster company these lads might have shown their worth more prominently as also might have Woolery, who played a whale of a game against Stivers.

Two Cedarville lads get places on the mythical Class B first team, Bates being placed at forward while Johnson gets a call at guard. Cedarville made a remarkable showing in the tournament against teams from bigger schools, and these lads were in front of the Cedarville attack all of this time. Two Plattsburg athletes and one Bradford player were also named to the Class B first team.

Harlow, of Steele, is the class of the Miami University tourney at the forward position as this lad has been high man in the way of field goals for Coach Bevan's gang all season. He dribbles, pivots, slides, fakes, has the speed of a deer and is a sure shot at the basket.

Andrews of Hamilton, at the other forward, would make an excellent running mate for Harlow. The Hamilton lad is small and it takes a good guard to keep him from breaking into the scoring column. He is like Harlow being a good dodger and also an accurate shot both from the field and the foul line.

The center position goes to English, the clever goal shooter of the Stivers team. He is a small fellow but fast and is a very good shot and is also good on defense. He is a player of merit—so much merit that he had to be placed on the first squad.

Buchanan, of Steele, is probably the most valuable player on the Steele outfit. On defense Buchanan is a tower of strength and always getting the ball on the rebounds. His dribbling was the best seen at the tourney, while on the other hand he had a good eye for the net. He is made Captain of the team because he is a good and clean player.

"Whitely" Pons of Norwood, Buchanan's running mate on the all-star five possesses great speed and is a good dribbler with a keen eye for the basket. He is an unusual close guard having speed to cover tightly any forward that showed his wares at the tourney. This lad always has plenty of fight and Buchanan and Pons were easily the best pair of guards uncovered at Miami.

The second team shows five players that would make the best high school team in the country step to beat them. Reilly of Norwood and Herman of Stivers at the front positions would make a fine pair of point getters.

Zimmerman, the lanky Norwood

## Cuticura Heals Pimples Scattered All Over Face

"I was troubled with pimples that were scattered all over my face. The pimples were hard, large and red, and very sore when touched. They festered and itched and burned, and my face looked awful. I tried different remedies but to no avail.

"I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. center gets the tip off position on the second team. He is good on both offense and defense and is always a trouble to the opposition. He is a "bear" on long shots.

In Mantos, named as Captain of the second team and McGuire of Steele the second team has a pair of guards that could very nearly take the places of the first team guards. Both are excellent on the defensive part of the game.

As to the forwards on the class "B" teams the choice goes to Bates of Cedarville and Garrett of Plattsburg. The latter is a consistent player and fine shot at the net and is also a good floor man. Bates is next in rank, because of his ability to shoot baskets and cover the floor.

At the pivot position Stewart, of Plattsburg, is the choice. Few centers were able to outjump this lad at the tourney, and in addition he was a streak on the floor and showed well on defense. This boy is an ideal basketball player.

Among the guards Johnson of Cedarville and Tuttle of Bradford were the outstanding stars of their respective teams. To get by Johnson was a tough task. This lad made the going rough for the opposing forwards. He seldom shot a field goal and he generally played in the middle of the court.

Tuttle of Bradford was the next best guard, being a floor guard of the type of Buchanan of the first team. This lad was very good on long shots.

## THE DELAWARE TOURNEYMENT

By Higgins.

There have been a total of 36 games won by one point in the history of the annual interscholastic court meeting at Delaware, according to the records, which have now become a history of that now abandoned gathering.

The greatest number of one-point victories was in 1920 and 1921 when it happened nine times. A total of 43 games have been won by two points, the greatest number being in 1921, eight. Thirty two times have three points been the margin, 1921 leading again with eight.

Victories by five points or less have been scored in 169 games, the greatest number being 38 in 1921. Eighty-four teams have been held to scores of five points or less in the past tourneys 25 of these scores coming in 1921. Ten points or less have been

the counts for 310 teams, 90 being held under this limit in 1921.

More than 100 teams have won when their scores were 15 points or less, the record being held in 1921 when 40 such games were played. The favorite winning score has been 22 points, 39 teams being victors with count. Second comes 19 with 34 and 15, 23 with 33 games each.

Twelve has been the favorite losing score in the history of the Delaware meeting. 59 teams having that as their record. Ten is second with 55, 11 third with 52 and nine fourth with 44.

The lowest score is that of Steele and Hamilton in 1921, while there follows a list of the lowest scores ever made:

Carrollton 12, Milan 1, 1916; East Palestine 9, Gallon 6, 1917; Akron Central 9, Piqua 5, 1918; Ansonia 7, Powell 6; Cambridge 10, Marietta 8; Barborton 9, Findlay 5 and Cambridge 9, Troy 7, all in 1920; Steele 7, Hamilton 4; Ada 10, South Euclid 3; Canton McKinley 10, Cleveland Central 9; Eaton 10, Wilmington 9 and Dover 9; Stryker 3, in 1921.

## EIGHTH GRADERS WIN

St. Brigida eighth grade basketball team defeated the seventh grade Monday night in the first round of the school grade tournament by the score of 11 to 9, in an overtime game.

The eighth grade was leading at the half by 3 to 2 score although the seventh graders scored first when Killen located the net for the initial basket. At the end of the regular playing period the teams were tied at 9 to 9, and an overtime session was declared in which Kelbie tossed the winning basket.

Combs starred for the seventh graders and Cain shone well for the winners. Tuesday night the eighth team will play the sixth graders. The lineup and summary:

8th Grade—11. 7th Grade—9.  
Kelbie ..... L. F. .... Killen  
Cain ..... R. F. .... Neville  
Foley ..... C. .... Thomas  
Allen ..... L. G. .... Combs  
King ..... R. G. .... Stephens  
Substitutions: Kennedy for Stephens, Davis for Killen, Killen for Davis. Field Goals: Cain 2, Kelbie 2, Allen 1, Killen 2, Combs 1. Foul Goals: Cain 1, Combs 1. Referee: Graham.

## WILBERFORCE VARSITY WINS

Wilberforce University made another bid for the colored court championship by defeating the strong Springfield Tigers, conquerors of the Xenia American Legion, by a score of 32 to 19 at Beacon Gym.

If Wilberforce finishes the season without defeat it will be in position to claim the colored collegiate championship as Morehouse has cancelled and Lincoln is the only obstacle in the path of such a claim. Pete Willett starred for Wilberforce in the Springfield game, and netted eight points for his evening's work, while Chief Redden at forward accounted for ten points. Health and Spears starred for the Tigers. The lineup and summary:

Rub on Good Old Musterole

That cold may turn into "Flu," Grippe or, even worse, Pneumonia, unless you take care of it at once. Rub good old Musterole on the congested parts and see how quickly it brings relief.

Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold.

As effective as the messy old mustard plaster, it does the work without the blister. Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief.

## THREE-FOLD PURPOSE OF CHRIST NAMED BY EVANGELIST

The second week of the Triangle Group services at the First Reformed Church opened Monday evening, with an audience that comfortably filled the auditorium to hear the Rev. Joseph S. Flacks.

The evangelist laid a foundation for his sermons, in his statements: "I haven't been asked for a program of services and topics of sermons, so I feel free to bring the message, which I think the Spirit might direct me. Some night I will give my personal experience in finding Jesus Christ, as my Savior and all that followed."

"We are workers together with God. I will follow the great eternal blue print of God in these services."

"The three-fold Purpose of Jesus Christ," was the subject of Monday evening's discussion. Using the gospel of Matthew 1:18 and Luke 2:21, the Rev. Mr. Flacks painted a word picture of the ceremonial acts clinging about the birth of Jesus. The age-old legal custom of the Jews giving their first-born son to the Lord and then purchasing him back again. The evangelist described his own experience of giving a five dollar gold piece to the priestly representative to redeem his first-born. "The Jews are afraid of the name Jesus," he declared. "They are afraid of Christians because of the atrocities which have been practiced in the name of religion. I am not here to stir up anything but the love of the Lord Jesus. I love my own people, but they do not understand the Messiah Jesus Christ."

The three-fold purpose of Jesus was then taken up by the speakers first, Jesus came to save people; second, Jesus came to give light unto the Gentiles; third, Jesus came to give glory to the people of Israel. "Christ made atonement for all the world, the Jew included," was one of his statements. The Rev. Mr. Flacks, declared that more Jews in comparison believed in Jesus in the 19th century than Gentiles, and that one Jew out of every 150 accepted Jesus Christ as Savior. In all the missions of the world among the Gentiles, only one out of 143 took Christ, said the evangelist. "My race is going to take the Messiah, they rejected, some day. The Jews did not call Christ to the cross any more than the Gentiles. It was the sin of the whole world, all our sins."

The Rev. Mr. Flacks will preach Tuesday night at 7:30 o'clock, the Friends Church congregation will attend the service in a body, special seats to be reserved for them. The Rev. Mr. Stewart will talk to the children at 4 o'clock. Mrs. Stewart will teach a Bible Class at 2:30 o'clock for women only. Prayer meetings were held at the following places Tuesday morning: Mrs. McPherson, West Second Street; Mrs. W. B. Chew, East Market Street; Mrs. Howard Norris, Hill Street; and Mrs. W. J. Oglesbee, North King Street.

The employees of the Hoover and Allison Company will attend the Thursday service in a body. Friday the Xenia Shoe Manufacturing employees are to attend the service as a delegation.

**LEWINE NOW SAYS WORLD REVOLUTION WELL IS ON WAY**

Moscow, March 6.—"The whole world is passing into a movement which will give birth eventually to universal revolution, but we have to consider the fact that the outside world, hostile to us, has been divided into two militaristic and capitalistic camps," declared Nicolai Lewine, head of the soviet government, in a statement today. The statement was issued primarily in support of the proposal to give wider powers to the committee of workers and peasants.

"The western capitalistic powers," said the statement, "are doing their utmost partly consciously and partly automatically, to push us backward. They would employ internal conflicts in their own countries in an effort to destroy the socialist movement."

"International relations have become such one country is enslaved by its conquerors, notably Germany. The western powers are making use of their victory to wring further concessions from the classes that were already oppressed. They are attempting to postpone the general revolution."

In order to secure our existence until the next military conflict between the counter-revolutionary West and the revolutionary and nationalistic East, it is necessary for the peoples in the East to gain time. We must strive to build up our Russian State in which the working class holds the leadership. But in order to build up the nation there must be discipline and to leaders must have power to order and execute constructive work."

Lewine said that capitalism was increasing in strength in the eastern countries. But at the same time he urged that "the power of the workers be preserved in Russia, and peasant leadership be cherished."

Lewine made reference to Germany, saying that it was a "capitalistic country which was being picked to pieces by the other capitalistic powers."

## MRS. R. M. CONNOR DIES LATE MONDAY

Jamestown, March 6.—Mrs. Rebecca Mercer Connor, 99, widow of James Connor, died at her home on a farm near Jamestown Monday evening at five o'clock. Death was due to the infirmities of age.

Mrs. Connor was born in West Virginia, July 22, 1823, the daughter of John and Rebecca Mercer and would have been 100 years of age had she lived until next July 22. When she was a child her parents had moved to a farm near Jamestown and Mrs. Connor had since made her home in that vicinity.

With her eyesight and hearing only slightly affected by her advanced age, Mrs. Connor possessed remarkable faculties for one who had almost reached the century mark. She had been enjoying her usual good health all winter and was able to take care of the lighter household duties until recently.

Her husband preceded her in death many years and she was the last member of her immediate family. Three sons, however, are living. They are O. M. Connor of Jamestown, Eli, who made his home with his mother and Baxter Connor, of Gladstone. Mrs. Connor was a member of the Methodist Protestant Church at Jeffersonville for many years.

Funeral arrangements have not been completed.

#### Received Missionary Society

Mrs. W. H. Rockhold opened her home on Friday afternoon to receive the members of the Woman's Missionary Society of the United Presbyterian Church. Miss Margaret Lackey conducted the devotional exercises. Mrs. J. H. Lackey was leader of the mission study for the hour, assisted by Mrs. Robert Dean and Mrs. Edward Darling. The topic was the trend of the Negro Race and the advancement they have made in the past few years. The annual election of officers took place: President, Mrs. L. L. Gray; Vice-President, Mrs. W. H. Rockhold; Secretary, Mrs. J. Clark Lackey; Treasurer, Mrs. F. W. Ogan; Literary Secy., Mabelle Grain; Thank Offering Secy., Mrs. Ralph George; Temperance Secy., Mrs. Dwight Clark. A social hour was enjoyed by the members at the close of the session.

#### Laid To Rest

Funeral services for Dr. A. L. Teeters on Saturday afternoon at his late home and were in charge of S.

#### FIREBUG SUSPECTED

Newark, O., March 6.—Assistant State Fire Marshal John Baird announced after investigation that he believed the fire which destroyed five cottages and an apartment house at Buckeye Lake last week, at a loss estimated at \$70,000, was of incendiary origin.

M. Smith, minister at Bowersville, assisted by J. Earl Pryor, minister at Jamestown, who read several scriptural selections and offered prayer. Mr. Smith gave the sermon basing his remarks on the second verse of the eighth chapter of Acts. He paid a deserving tribute to the life and Christian character of Dr. Teeters. There was no singing. Mr. Smith read Tennyson's "Crossing the Bar," and Mr. Pryor read the hymn "Abide With Me." The gift of floral offerings were many large places. Those serving as pall bearers were Otto Thorpe, De Leo Barly, Frank Flee, Harley Flee, Dr. L. S. Moon, M. E. Joffries. Interment was made on the family lot at Washington C. H.

#### Narrowly Escape Death

Friends here of Mr. and Mrs. Frank Long of Columbus, who were interested in knowing that their son Herbert and family just escaped with their lives when their home burned at Jersey City, N. J. A little house dog ran from room to room barking and awakened the family who ran out in their night clothing, not saving a single thing. Even the little pet dog perished in the flames.

The Longs have two small sons and they are now in Columbus and are at the home of their parents, Mr. and Mrs. Frank Long, who were former residents of Jamestown.

#### Played With Showing

Coch Ross Stoner of the Jamestown high school basketball team was pleased with the showing of his team made at Oxford Saturday. They drew Bradford which is a strong team. At the end of the game the score was a tie 10 to 10. But when played off Bradford won 11 to 10. The game was a hard fought one. Bradford won in Class B in the southwestern division defeating Cedarville by a score of 9 to 3. So they will play in the state tournament at Columbus.

#### To Hold Meetings

The Woman's Missionary Society of the Church of Christ will have their monthly meeting on Wednesday afternoon at the church. Mrs. Frank Hutslar will be the leader of the program which will be the study of "The Jungles of Africa," following the business session.

Mr. Newton Smith is now convalescent from a severe attack of grip.

#### Girls' Teams Plays

The girls' basketball team of the Jamestown high school went to Yellow Springs on Saturday to play in the semi-finals and defeated Osborn by a score of 18 to 2. On Saturday the Jamestown girls will play the girls team of the Bowersville high school at Yellow Springs.

#### Entertain At Dinner

The Misses May and Sarah Harper had for their dinner guests on Sunday, Mr. and Mrs. John Barnett of Xenia and Mr. and Mrs. W. W. Barnett, of Jamestown.

#### Play In Springs

Both of the teams of Jamestown will go to Yellow Springs on Tuesday evening to play the boys and girls teams of the Academy.

#### Personals

Dr. and Mrs. W. K. Rubie of Wilmington were Sunday guests of Mrs. Alice Dingess.

Mr. J. C. Brown has recovered from the grip and is now able to go to the bank for a short time each day and his many friends are pleased to see him out again.

Miss Rebecca Marsh has had for her guest, Miss Millie Parker, a high school teacher of Caesar Creek.

Frank Farquhar, Alfred Ferguson and Auburn Thomas motored to Oxford to attend the basketball tournament.

Mr. Hugh McKillip and family are moving to their farm near Bookwalter. Carl Buckles will move to the Baker property on East Xenia St., vacated by Mr. McKillip.

Mrs. Paul Garringer resigned as teacher of Silver Ridge, just east of Jamestown. Mrs. Ray Cushna has taken her place in the school.

Mrs. Ernest Hill is very ill from pneumonia, following an attack of grip.

#### COLDS ARE CONTAGIOUS

Coughs and Colds are contagious and require prompt treatment as they spread or develop into Flu and Grip. Take no chances when you can get Foley's Honey and Tar for a few cents and quickly check coughs and colds. The constantly increasing demand for Foley's Honey and Tar, for three generations, has made it the largest selling cough medicine in the world. ## NEGOTIATIONS FOR FUNDING OF DEBT BEING FURTHERED

Washington, March 6.—Negotiations for funding Great Britain's \$4,600,000,000 war debt to the United States moved rapidly toward completion today as the American debt funding commission met at the Treasury Department to draft the final form of a contract which will bind the British to payment on a basis already agreed to by the two governments. An outline of the contract embodying the terms of the agreement already approved by Congress will be cabled to London tonight. After it comes back with the O. K. of the chancellor of the exchequer it will be signed by Sir Auckland Geddes, the British ambassador.

Treasury Department officials expected today that the British government would prefer a form of bond to cover the entire amount of the debt due the United States, the bond later replaced by another bond or by bonds of smaller denomination.

## SULPHUR CLEARS ROUGH, RED SKIN

Face, Neck and Arms Easily Made Smooth, Says Specialist

**CHARGE TREATY WAS VIOLATED BY THE FRENCH**

Member of British Cabinet Alleges Bad Faith On Part of France

London, March 6.—As a result of the vote of the French, Italian and Belgian members of the Rhineland high commission, French troops on Feb. 25 occupied the territory between the Mayence and Coblenz bridgeheads.

But there is no provision in the treaty of Versailles or the Rhineland agreement under which the high commission could claim to exercise jurisdiction over the territory in question.

This admission was made in the house of commons by Ronald MacNeil, under secretary for foreign affairs, who added: "The attention of the French officials was called to this matter, but since the violation of the treaty France has also occupied Mannheim, Karlsruhe and Darmstadt."

During the debate the fact was brought out that General Degoutte, commander-in-chief of the French forces on the Rhine, is virtually dictator of occupied Germany, as he has only to hand to the French representative on the Rhineland high commission any decision he wants made and the commission, with the French, Italian and Belgian members voting together, promptly ratifies it. Then General Degoutte, by decree, extends it from the Ruhr to all other territory that is occupied in violation of the treaty between the French and the British. Lord Kilmarnock, the British representative on the high commission, does not vote on these decisions.

There is a feeling among all parties in parliament that as a result of this violation Britain ought to take a determined stand against these continued aggressions.

If Liverpool rejects the government candidate and returns a Labor candidate at the by-election there today, as many expect, there is no doubt that the Ruhr invasion, next to the housing reforms, may be the chief issue in the house of commons.

Everybody in the Ruhr is waiting for something to turn up. The mere fact of a cabinet meeting being held in Berlin sets about rumors that Germany is about to break off diplomatic relations with France. This is immediately denied, but the rumor persists.

For the first time since the occupation began both sides are beginning to realize that the present situation can last longer than either side believed possible. The great Hosiery dye works at Frankfurt are closing down this week as a result of the seizure of all except the medical section. There is serious dislocation of business in unoccupied Germany on account of the difficulty of transportation.

**FAILURE TO SETTLE RAIL DIFFERENCES CAUSE OF TROUBLE**

Washington, March 6.—Failure of some railroads to settle long standing differences with their shippers is responsible for inadequate transportation and interrupted coal deliveries, according to a letter written by President Harding to Stephen E. Connor, secretary of the federated shopcrafts of the central of New Jersey, and made public at the White House today.

"It is occasion of intense regret," the president wrote, "that the settlement of the shopcraft strike which has been effected on the larger part of the railroad systems and mileage of the country, has not been found possible on all the rest. I do not find myself able to discern any adequate question of principle which justifies

## Japan's Prince Regent Has Recovered

"The information which reaches me brings the conviction that continued failure to make settlement is largely responsible for unfortunate conditions as to railroad movements in some areas and for interrupted deliveries of coal during the winter, with resultant suffering to many communities, and much demoralization of industry."

"It is a situation which seems certain to become more serious unless effective measures are found for its early amelioration."

## YOUTHS ARRESTED— ALLEGED TO HAVE ROBBED HOUSES

Bartholomew Fisher, 16, of the Dayton and Xenia pike, Curtis Nash, 12 and Henry Kennett, 13, of Dayton, R. R. 16, were arrested by Sheriff Howard Webster of Montgomery County, Monday on charges of delinquency following the alleged theft of an automobile truck, and several alleged pillaging expeditions on the Dayton and Xenia pike Saturday and Sunday.

The youths are said to have robbed two houses stolen a truck, destroyed property in the Grange Hall on the Dayton pike near Zimmerman and conducted a reign of destruction in a vacant house on the Dayton and Xenia pike. The homes of John W. Rhodes, Kemp Road and A. S. Gum, R. R. 8 were both burglarized, it is said, and a revolver stolen from each, two watches taken from the Rhodes home and \$5 from the Gum home.

The youths disappeared from their homes Thursday but did not begin their alleged depredations until Saturday when the first report came in that they were shooting at children along the pike. They used the heavy roller off of a binder to destroy everything available in the vacant house. The auto truck was the property of Simon Gassett, of near Miamisburg, and was stolen when it was parked in front of his home. It was found abandoned on the Dayton and Xenia pike, standing in a mud hole.

The youths were to be brought before Juvenile Judge Roland W. Baggett in Dayton Tuesday afternoon. Kennett is said to have served a term in the Boys' Industrial School, Lancaster.

## 'IN INDIA' PORTRAYS LIFE OF GIRLS THERE

"In India," an operetta to be presented by the Central High School Girls' Glee Club, Friday evening at the Opera House, tells an interesting story of a girl's life in the village of Fishni on the Granges River in India. Meerah, the most beautiful girl in the village is chosen to become a temple dancing-girl.

The chosen one must be an orphan and Meerah believes herself to be one.

During the day which is the festival day of Ahu, the flower-god, a beggar escapes from a passing procession of elephants bearing people from the hill countries. The beggar proves to be Meerah's mother and this renders Meerah ineligible.

There being now no other orphan in the village except the village scold, How-Now, she is carried off to become a slave in the temple and the re-united mother and daughter join the maidens in celebrating the festival day of Ahu.

## LOCAL DELEGATES TO ATTEND MEETING

A number of members of the Xenia Business and Professional Women's Club, are making arrangements to attend the meeting of the State Executive Board with the delegates from the various state clubs, to be held at Cincinnati, Saturday and Sunday, March 10 and 11, at the Cincinnati Business Women's Club House.

An interesting two-day program has attracted the local women to the meeting, the following being included in the delegation, Miss Allegra Hawes, club president, Miss Ella Ambuhl, Miss Mary Gretsinger, Miss Nellie Fletcher, Miss Faye Ledbetter.

## INCENDIARISM HELD TO BE RESPONSIBLE

Painesville, O., March 6.—Lake county authorities were confronted by one more mysterious fire in a series of 18 blazes involving an estimated loss of \$500,000 to summer resort property in this district during the last month. Investigators can not understand the motive, but were agreed that incendiarism was responsible. The properties destroyed were unoccupied. The Oakwood club, a private estate four miles northeast of here, was destroyed by fire of unknown origin.

Mrs. H.:—"Please send me a recipe for Fruit Salad with Dressing. In return I am sending you this recipe: Beef Relish for Cold Meats:—One quart of beefs cooked and chopped, one quart of chopped, raw cabbage, and 1 1/2 cups of sugar, one teaspoon of salt, one and one-fourth cups of vinegar. Mix together and serve. It is fine."

Answer:—Thank you for the recipe, Reader Friend. I am sure many of us will try it. Here is the one you want: Fruit Salad: Peel two oranges, cut away the white membranes as much as possible, and slice the firm part of the fruit into a bowl. Add two thinly sliced bananas and one generous bunch of white (Malaga) grapes, each grape halved, with seeds removed. Stir all together gently, and cover with the Golden Dressing which was published in this column on January 31. (If you missed its appearance, buy a back copy of the paper containing it.)

Cas: "Two other girls and I are entertaining some friends next week and we cannot decide on what to

serve for refreshments. Will you please give suggestions in the next issue of your paper?"

Answer: You should have given me more time to reply—especially when not sending a stamped, self-addressed envelope for personal answer. You see, I receive dozens of letters from readers and they must be answered in turn for the sake of fairness.

But I will suggest, for another time, that Russian Chocolate with whipped cream on top, and chopped olive and wiches, and orange layer cake comprise an excellent refreshments combination (Russian chocolate is made by mixing together equal parts of made coffee and made cocoa. Or, if so much coffee will keep you awake at night, use two parts of cocoa to part of coffee.

The result is delicious especially when topped with whipped cream. In summer it is iced and served in tall glasses, but in winter it is served hot.)

Mrs. H.:—"Please publish a recipe for fruit punch to make five gallons. I am soon to entertain 75 guests at a wedding anniversary and wish to know if just ice cream and three kinds of cake are sufficient refreshments?"

Answer: Fruit Punch: Buy six bottles of vichy, seltzer or any other charged water (like plain soda water). Turn the contents into a clean gallon pail so as to measure it, pouring from the pail into a larger container. Also buy six cans of sliced pineapple and cut the fruit small, turning the juice into the gallon pail. Cut one dozen peeled oranges small (using juice and pulp but discarding seeds); four grapefruit in the same way, one dozen bananas, and a can of strawberries. Chill with cracked ice and make up the remainder of the liquid by adding weak lemonade and clear water. Your taste will help you. Yes, the coffee and cake will be sufficient to serve.

Tomorrow—A Knitted Afghan for the Baby Carriage.

## MOVIE SUITS IN A HIGHER COURT

Columbus, March 6.—In an appeal filed in supreme court by W. K. Richards and Edgar B. Gilmore, Findlay motion picture show owners, asking review of an injunction suit they brought against the mayor and chief of police of Findlay to prevent them from closing the movies on Sunday, the court is asked to decide whether a motion picture show is "a theatrical or dramatic performance." Under Ohio laws theatrical or dramatic performances are prohibited on Sundays. Richards and Gilmore contend that an "exhibition of motion pictures" does not come under this prohibition.

## HARDING SPECIAL REACHES JOURNEY'S END NOON TUESDAY

Members of Party Suffer  
No Ill Effects of Long  
Train Ride

Ormond, Fla., March 6.—President and Mrs. Harding and others of the presidential party arrived here at noon today. They went directly to the houseboat of Edward B. McLean, on which they will spend a month cruising in Florida waters. Mrs. Harding is said to have made the long railroad trip without fatigue. Attorney General Daugherty, who is recovering from a severe illness, also stood the trip well.

As soon as the president returns to Washington he will make plans for a trip to Alaska and the Pacific coast, he announced. He tentatively plans to sail on the Mayflower, his yacht, early in June, go through the Panama canal and to Alaska, where he will spend one week. Returning he will leave the Mayflower at San Francisco or Seattle and return overland. He plans also to inspect the larger reclamation projects, particularly those of the Columbia and Colorado rivers, it was stated.

## PLAYED STRIP POKER

Chicago, March 6.—Edward Zoock, 40, had read about strip poker as a furious pastime of the idle rich, so he sat in a game with a group who initiated him into the intricacies of the game. At daylight two policemen spied Zoock trudging the snowy pavements, barefooted and clothed in an old curtain. He explained he had lost money, clothing, etc., in a poker game. From the station he telephoned his wife, who hastened with clothing.

## A PURITAN WIFE

### Chapter 25

Grace would at times interest them by tales of the Motion Picture Colony at Hollywood, where she declared she was going to live when the next picture was taken. She told them of the gay times the actors and actresses had and regaled them with bits of scandal until Ann's green eyes big and, almost unbelieving, she said:

"I don't see how they can be so gay and work at pictures all day." "You couldn't Ann! But Dick and I could, couldn't we, Dickie?" Yet often when Grace came home from the lot at night she would be weary, declare Kellogg worked her to death. And she continually found fault with Miss Stanton, the star of the picture.

"I expect you'll be the same when you are the star," Dick laughed. "You aren't particularly meek you know."

Gay as Ann naturally was she never could join in this passing of repartee, so sat silent. She was particularly sensitive when anything bordered upon lack of good taste, and Grace continually offended.

Often Hugh Norton dropped in after dinner and joined them on the porch. Ann was invariably delighted to see him. He made her join in the conversation, which he subtly directed, and she felt less forlorn. That he sensed her unhappiness she never dreamed, so was her old natural self as they discussed some late book, or talked of other interesting subjects.

Ann had kept up her reading, laughingly declaring that books were her only extravagance. Grace cared nothing for books, save those so widely advertised she had to read them in self-defense. For this reason she was rather out of it when book discussions went on and would fidget about and either ask Dick to take a walk in the moonlight, or declare she was tired and was going to bed.

Only once did Hugh make a derogatory remark concerning her. Said he: "Grace is a gay creature, but shallow as they make them," then had gone right on talking, giving neither Dick nor Ann opportunity to answer.

Hugh watched Ann closely, noted the pain in her eyes when Grace carried Dick off to walk with her, complaining there was nothing else to do on a ranch; also noting the happy expression when he begged off, and Grace left the three of them sitting alone.

The picture was nearly finished, would have been but for the trouble they had had, necessitating the

shooting of many of the scenes over. Ann had gone once more to the lot, this time with Bessie, who had brought her Chink over to mind little Jack. She had been interested in all she saw, especially in Miss Stanton, the star.

Mr. Kellogg had observed her and Bessie, called Miss Stanton and introduced them, saying: "Here's a little lady who could play your part, Miss Stanton, if she wasn't already playing the part of wife and mother."

"A much happier part, I am sure," Miss Stanton said as she shook hands. Then she had lingered to talk with them.

Claire Stanton was quite a different type than Ann had pictured a movie actress to be, both from her reading and from Grace's talk. She was a refined, lovely girl. Nothing the least bit coarse or common about her. She was a girl who would appear to advantage in any society.

Both Ann and Bessie were delighted with her and said so to Grace.

"She's a namby-pamby sort, no get up to her at all!" Grace replied. "She can't be so namby-pamby or she wouldn't be the star of the picture," Bessie returned with some heat. "Mr. Kellogg doesn't strike me as the type of man who would select a girl for that position unless she was qualified."

"Pull, my dear, innocent Bess! Pull."

Later they had talked with Mr. Kellogg again. As they were about to leave they passed him and he stopped them, saying pleasantly he hoped they had enjoyed themselves. "We were delighted with Miss Stanton," Ann said.

"She is a charming girl," he returned, "a hard worker. She will go far as an actress because behind it she has education, refinement and more real grit than any girl I have featured."

"I knew it! Grace is jealous of her!" Bessie declared. And when Grace joined them she repeated what Kellogg had said.

"Oh, well, let him rave!" He's more than half in love with her and every one on the lot knows it."

Bessie laughed at her for being jealous, and the incident passed, but Ann had changed her mind about movie actresses—an opinion that she had formed mostly because of Grace's chatter.

"I guess there are nice refined people in every line of work," she afterward said to Bessie. "We never know the inside of things, why people do certain things, take up work that seems foreign to them. I expect we would often be astonished if we knew more of those we happen to meet casually."

"Yes," Bessie returned, "I never could imagine you as a school m'am. You are altogether too full of fun and too good looking."
